MBA III Semester Regular Examinations, January 2011
SOFTWARE ENGINEERING
(For students admitted in 2009-2010 only)

Time: 3 hours

Max Marks: 60

Answer any FIVE questions
All questions carry equal marks

1. (a) Explain the difference between software & hardware.
(b) Explain about layered technology.
2. (a) Explain about perspective process models.
(b) Explain about agile process.
3. (a) Explain software requirements engineering activities.
(b) Explain about functional and nonfunctional requirements.
4. Explain about design concepts.
5. (a) Explain about user interface design evaluation.
(b) Explain about interface design steps.
6. Write short notes on:
 - (a) Unit testing.
 - (b) Integration testing.
 - (c) Validation testing
7. (a) Explain about basis path testing.
(b) Explain about OO testing methods.
8. (a) Explain about software quality assurance.
(b) Explain about function oriented metrics.
