**About 3D Dassault Systemes Experience Centre**

Dassault Systemes is a multinational software company specializing in 3D design and product lifecycle management (PLM) software. The company is best known for its flagship products CATIA, DELMIA and SIMULIA.

3DEXPERIENCE platform is a business experience platform. It provides software solutions for every organization – from marketing to sales to engineering – that help you create differentiated consumer experiences in your value creation process.

With a single, easy-to-use interface, it provides industrial solution experiences in a collaborative interactive environment based on 3D design, analysis, simulation and intelligence software. It is available on-premise and in public or private cloud.
