## Teachers Day on 5th September 2022

Teachers' day is a special day for the appreciation of teachers and may include celebrations to honor them for their special contributions in a particular field area, or the community in general.

The idea of celebrating Teachers' Day took root in many countries during the 19<sup>th</sup> century; in most cases, they celebrate a local educator or an important milestone in education. This is the primary reason countries celebrate this day on different dates, unlike many other International Days. For example, Argentina has commemorated Domingo Faustino Sarmiento's death on 11 September as Teachers' Day since1915. In India, the birthday of the second President Sarvepalli Radhakrishnan is celebrated as Teachers' Day since 1962 and Guru Purnima traditionally observed as a day to worship teachers by Hindus. According to Hindu scriptures, it is especially important to make a spiritual guru, without a spiritual teacher one cannot attain salvation. The identity of a true Spiritual teacher is written in Adhyay 15 shlock 1 to 4 of Holy Gita. Teachers' Day was celebrated as "Abhar Diwas" in 2021.

The birth date of the second President of India, Sarvepalli Radhakrishna, 5<sup>th</sup> September 1888, has been celebrated as Teachers' Day since 1962. On this day, teachers and students report to the school as usual but the usual activities and classes are replaced by activities of celebrations, thanks, and remembrance. In some schools, senior students take the responsibility of teaching in order to show their appreciation for the teachers.

NSS Cell, Madanapalle Institution of Technology & Science in association has celebrated teachers' day on 5<sup>th</sup> September 2022 at 10AM in college. More than 50 faculty and student volunteers participated. Dr. C Yuvaraj, Principal, Dr. P Ramanathan, Vice Principal-Academics and Mr. P. Rajesh NSS Program officer attended as guests to this event.
