## Report on Anti-Drug Day Celebration at MITS College

Date: 26/6/2025

Venue: MITS College

Organized by: MITS NCC

The NCC students of MITS College organized Anti-Drug Day to promote awareness about the dangers of drug abuse. The event featured an informative session where NCC cadets shared facts about the harmful effects of drugs on health and society. They performed skits and slogans emphasizing the importance of a drug-free lifestyle.

The cadets also distributed pamphlets to spread the message among fellow students. An interactive discussion encouraged students to ask questions and express their views on staying away from drugs. The event concluded with a pledge by all participants to lead a healthy, drug-free life. The initiative by NCC students was appreciated for its impact in promoting awareness and responsibility. MITS College supports such efforts to build a safe and conscious community.
