Report on
ANTI PLASTIC AWARENESS -03-07-2023**

The NCC cadets of MITS organized an impactful Anti-Plastic Drive. This initiative, held on 03-07-2023, the cadets embarked on a mission to raise awareness and rid their surroundings of harmful plastic waste.

Through extensive cleanup activities, awareness campaigns, and interactive sessions with the local community, they not only collected a substantial amount of plastic waste but also educated individuals about the detrimental effects of plastic on our ecosystem.

NCC-Cadets had made pluck cards and do a rally by saying the slogans on the day and also participated in the drawing competition.

The Anti-Plastic Drive by MITS NCC cadets was a resounding success, leaving a lasting impression on both the environment and the community, reinforcing their dedication to the principles of the NCC.
