Report Received on 29.08.2026.

Mode of Conduct: Offline

The Madanapalle Institute of Technology & Science (Deemed to be University) successfully organized **Anti-Ragging Week** on **13th August 2026** in association with the **Student Activity Center (SAC)** and the **Anti-Ragging Cell**, with the support of the **Literary Club, MITS**. The programme was organized with the objective of creating awareness among students about the harmful effects of ragging and promoting a culture of respect, discipline, unity, and inclusiveness within the campus. Ragging is a punishable offense under law, and the institution remains committed to ensuring a safe, secure, and supportive learning environment for every student. The programme served as an important initiative to reinforce MITS's commitment towards maintaining a ragging-free campus.

As part of the Anti-Ragging Week celebrations, an **Essay Writing Competition** was conducted on the theme **"Ragging Free Campuses: Role of Students, Teachers and Authorities."** The competition was scheduled from **3:00 PM to 4:00 PM** at **Seminar Hall-D**. Students were encouraged to express their thoughts and perspectives on the negative impact of ragging and the collective responsibility of students, teachers, and institutional authorities in preventing such practices. The activity provided students with an opportunity to demonstrate their writing skills while spreading awareness about the importance of maintaining a safe and respectful campus environment.

Following the essay writing competition, an **Elocution Competition** was organized from **4:00 PM to 5:00 PM** on the topic **"MITS: A Ragging Free Campus."** The event provided students with a platform to express their views confidently and highlight the importance of creating and sustaining a ragging-free educational environment. Through their speeches, participants emphasized the significance of empathy, mutual respect, discipline, and active student participation in preventing ragging.

The programme was conducted as part of the **National Ragging Prevention Programme**, reinforcing awareness about the legal and institutional measures available for preventing ragging. Students were also made aware of the importance of reporting incidents of ragging and seeking appropriate assistance when required. The initiative aimed to encourage students to actively contribute towards maintaining harmony, safety, and dignity within the institution.

The event also highlighted the importance of student participation in awareness activities and encouraged students to use their creativity, communication skills, and knowledge to promote positive values on campus. The competitions provided an engaging platform for students to discuss the consequences of ragging and share constructive ideas for building an inclusive and supportive academic environment.

Overall, the **Anti-Ragging Week programme held on 13th August 2026** was an important awareness initiative at MITS. The programme successfully conveyed the message that preventing ragging is a collective responsibility and that every student has an important role in maintaining a safe and respectful campus. Through such initiatives, MITS continues to promote a **ragging-free, inclusive, and supportive learning environment** for all its students.
