Teaching and Learning Centre

The Institute has set up Teaching and learning Centre (acronym TLC) to enhance the teaching and learning process for the development of students' learning abilities and also to enhance the effective teaching of the faculty. The Objectives of TLC are:

- To develop and promote relevant and responsive teaching and learning process in higher education
- To conduct intensive teaching workshops for faculty to enhance their teaching and learning process
- To organize Faculty Induction Programmes for faculty to enhance their teaching and learning process
- To conduct Faculty Development Programmes for faculty to enhance their domain knowledge and skills
- To enable faculty for leverage of ICT tools in teaching and learning process
- To accelerate the teaching learning process by way of promoting critical thinking
- To act as a resource to improve the standards of teaching and learning in the Institute

The following Committees are constituted to achieve the objectives and to implement the activities of Teaching and Learning Centre (TLC) of the Institution, with immediate effect till further order.
