

MADANAPALLE INSTITUTE OF TECHNOLOGY & SCIENCE

MITS DEEMED TO BE **UNIVERSITY**

(Declared under section 3 of UGC Act, 1956 by Govt. of India - MoE)

BASIC MOUNTAINEERING COURSE

From 8th April to 5th May the NCC cadets of Madanapalle Institute of Technology and Science (MITS), under 35 (A) Battalion NCC, Chittoor participated in Basic mountaineering course conducted in IHCAE(Chemchey), Sikkim .

The course provided rigorous training in mountaineering techniques, physical endurance, rock climbing, trekking, and team-building activities in challenging mountainous terrain.

The cadets Mallepula Bhargavi , Ramireddy Laxman,G.Jyotheeshwar displayed exceptional discipline, determination, courage, and teamwork throughout the training period. The experience enhanced their leadership qualities, self-confidence, and adventure skills while upholding the values and spirit of the National Cadet Corps. Their outstanding performance brought pride and recognition to our institution.

Their outstanding performance and commitment were appreciated by the instructors and course authorities. The training not only enhanced their technical mountaineering skills but also improved their confidence, problem-solving abilities, and capacity to work effectively as a team. The experience provided valuable exposure to adventure sports and environmental awareness while encouraging self-reliance and perseverance.

Despite the challenging terrain and weather conditions, they displayed exceptional determination, physical fitness, and mental resilience. The successful participation of our NCC cadets in this prestigious course brought great pride to our institution and reflected the values and spirit of the National Cadet

Corps. Their achievement stands as an inspiration to fellow cadets and students.
