**SWACHHATA PAKHWADA in MITS-CAMPUS-01-09-2023**

Swachhata Pakhwada, a nationwide cleanliness campaign, was observed with great enthusiasm by the NCC cadets from MITS College during the period from 16-09-2023 to 30-09-2023. This initiative aimed to promote cleanliness, hygiene, and environmental awareness among the cadets and the community.

The NCC Cadets had displayed their multifaceted talents and commitment to community engagement through a series of impactful activities. An essay writing competition saw them articulate their thoughts on various aspects of Swachhata Pakhwada, shedding light on the significance of cleanliness and hygiene.

In a drawing competition, their artistic expressions beautifully captured themes related to environmental conservation and patriotism. Additionally, a dedicated cleanliness drive demonstrated their hands-on approach to maintaining a clean and green environment. These activities not only showcased their diverse skills but also reinforced their dedication to NCC values and a cleaner, healthier society.
