Report on World Rivers Day Organised by National Cadet Corps (NCC)

Date: 29 September 2025

On the occasion of World Rivers Day, the MITS NCC Unit organized an awareness program on 29 September 2025 to highlight the importance of rivers.

The NCC cadets enthusiastically participated by creating informative charts, posters, and displays to spread awareness about the need to protect rivers.

Through their creative efforts, the cadets emphasized the vital role of rivers in sustaining life and urged everyone to preserve these precious water resources for a cleaner and greener future.
