

### A Report on “World Environment Day Celebration” organized by NSS CELL

Report Submitted by: Mr. Pujari Rajesh, NSS Programme Officer

Attendance: 60 participants

#### Introduction:

On **05-06-2026**, the NSS Unit in association with the NCC (Army & Air Wing) organized a **World Environment Day Celebration under the “Ek Ped Maa Ke Naam” (EPMKN) Campaign** at the MITS Campus. The programme was conducted with the objective of promoting environmental conservation, increasing green cover, and creating awareness among students about the importance of protecting nature and preserving ecological balance. The campaign encouraged participants to plant and nurture trees as a symbol of gratitude towards mothers and as a commitment to safeguarding the environment for future generations.

The event was graced by **Sri Varun Batra from NCDC** as the Chief Guest. In his address, he emphasized the importance of environmental sustainability, afforestation, and community participation in protecting natural resources. He encouraged students to take an active role in environmental conservation by planting trees, reducing pollution, and adopting eco-friendly practices in their daily lives. His inspiring message motivated the participants to become responsible environmental stewards and contribute towards building a greener, healthier, and more sustainable society.

#### Event Process:

The programme commenced at **10:00 AM** with the assembly of NSS volunteers, students, faculty members, and guests at the venue. The event began with a formal welcome to the Chief Guest, **Sri Varun Batra from NCDC**, along with other dignitaries. The NSS Programme Officer welcomed the gathering and highlighted the significance of celebrating World Environment Day and the need for collective action towards environmental protection.

The programme was formally inaugurated with the lighting of the ceremonial lamp. Following the inauguration, the Chief Guest addressed the participants and emphasized the importance of environmental conservation, sustainable development, and responsible use of natural resources. He

encouraged students to become active contributors in environmental protection and to adopt eco-friendly practices in their daily lives.

As part of the celebration, a **Tree Plantation Drive** was organized within the campus premises. NSS volunteers, faculty members, and guests actively participated in planting saplings. The activity aimed to promote greenery, improve environmental quality, and create awareness about the importance of afforestation in combating climate change and environmental degradation.

An awareness session was conducted focusing on environmental issues such as pollution, deforestation, waste management, water conservation, and climate change. The speakers explained the impact of human activities on the environment and suggested practical measures that individuals can adopt to reduce their environmental footprint.

The programme also included a **Cleanliness Drive**, during which NSS volunteers cleaned the surroundings of the campus and nearby public areas. The volunteers collected waste materials and ensured proper disposal, demonstrating the importance of maintaining cleanliness for environmental sustainability and public health.

The event concluded with an interactive session where participants shared their thoughts and pledged to contribute towards environmental conservation. The programme ended with a vote of thanks and a group photograph to commemorate the occasion.

### **Conclusion:**

The **World Environment Day Celebration conducted on 05-06-2026** was highly successful in creating awareness about environmental conservation and sustainable living practices. The programme effectively educated participants about the importance of protecting natural resources and maintaining ecological balance for future generations.

The inspiring address by **Sri Varun Batra from NCDC**, the tree plantation activity, awareness sessions, and cleanliness drive motivated students and community members to become more environmentally responsible. The programme strengthened the commitment of NSS volunteers towards environmental protection and encouraged everyone to actively participate in building a cleaner, greener, and healthier society. The event concluded on a positive note with a renewed sense of responsibility towards preserving the environment.

**With Regards,**

**Dr. C. Kamal Basha, M.E., Ph.D.**
