Hello sir,
 I hope you are doing well.
 I have a happy news for you sir, I got selected for sapientia university, rome. In space and astronomical engineering course.
 Actually there was requirement of IELTS for that but I just gave try by applying with my LINGUA SKILLS certificate I never thought this exam would replace IELTS.
 Really very happy sir it's all because of your encouragement and your classes.
 I really don't know how to thank you!
 More than a professor you were like our friend and taught us everything very easy and every class I attended I never felt as class it was a stress buster for me.
 Thank you so much for your guidance sir.

Bye sir,
 Take care!

Certificate-Lingua Skills.jpg;

Dear Sir,

I hope this message finds you well.

I would like to share how the Lingua Skills program has positively impacted my personal, academic, and professional journey.

I'm pleased to share that I secured 177/180 marks in the Lingua Skills Certification, achieving CEFR Level B2 (certificate enclosed).

It all began with your suggestion to write regularly on various topics during the Lingua Skills classes. This practice greatly improved my writing abilities and made it easier for me to articulate my thoughts on paper. This habit also inspired me to explore storytelling, poetry, eventually leading me to write a full-fledged story titled '[Bangalore Diaries](#)', which I plan to publish as a book after completion.

Furthermore, consistent vocabulary practice and engaging in English conversations with my peers significantly enhanced my speaking skills. The one-hour Lingua Skills sessions became more than just classes, they were an enjoyable and stress-relieving part of my college routine, and they also introduced me to wonderful friends.

As you mentioned during the classes, the Lingua Skills certification has been a true confidence booster. It has especially helped me during interviews, enabling me to speak more clearly and confidently, which has given me an advantage over others. Now, I can speak without stuttering words, listen and understand intent, and using complex sentences became a daily part in my corporate life.

I'm also happy to share that I'm currently working as a Product Analyst Intern at [Flyingduck Labs](#), an application security-based start-up in Hyderabad.

I would like to take this opportunity to sincerely thank you and our Institute's management for the invaluable guidance and support during my preparation for the Lingua Skills Certification.

Best Regards,
Omkar Gaddam
