Organized by Department of Computer Applications
on 31.10.2026

Report Submitted by: Mr. S Suresh Assistant Professor, Department of Computer Applications.
Venue: Seminar Hall – B
Mode of Conduct: Offline
Report Received on 07.11.2026

Introduction
The Department of Computer Applications, MITS Deemed to be University, Madanapalle, successfully organized the MCA Alumni Meet – 2026 on 31 October 2026 in association with the MITS Alumni Welfare Association. The primary purpose of the event was to reconnect with alumni, strengthen the relationship between alumni and the institution, and provide an opportunity for present students to interact with graduates working in different professional fields.

Proceedings of the Event
Addressing The programme commenced with the anchoring by students of MCA Ms. Nazreen and Ms. Niharika, who warmly welcomed the dignitaries, faculty members, alumni and students to the MCA Alumni Meet – 2026.
Dr. G. Naga Swetha, Alumni Relations Officer, addressed the gathering and explained the importance of alumni engagement at the institutional level. She highlighted the various opportunities available for alumni to remain connected with the college and contribute to its development.

Dr. P. M. Balaji explained the importance of industry–academia collaboration and highlighted various opportunities available in the industry for current students. He encouraged students to develop industry-oriented skills, gain practical knowledge and participate in internships and training programmes.

Addressing the gathering, **Dr. P. Ramanathan, Principal, MITS**, emphasized that alumni connections play a vital role in the overall development of the institution. He highlighted that alumni experiences significantly contribute to guiding students toward informed career choices.

Dr. N. Naveen Kumar highlighted the academic and research contributions of the faculty members in the Department of MCA. He explained the importance of faculty involvement in research activities, publications, technical projects, academic development and student mentoring. He encouraged alumni to collaborate with faculty members in research activities, technical projects, guest lectures and knowledge-sharing programmes.

Participation

A large number of alumni from various batches ranging from **2011 to 2024** actively participated in the meet. They shared their educational experiences, professional growth stories, and cherished memories of their time at MITS, making the event both informative and nostalgic.

Alumni Interaction and Industry Experiences

1**. Mr. Karthik (2011-2014)–** Internship and Technical Support Opportunities Mr. Karthik shared valuable information regarding internship opportunities and technical skill development.
He expressed his willingness to support students in:

- Providing internship opportunities.
- Guiding students in webpage designing and development.
- Encouraging students to learn Snowflake technology.
- Extending technical assistance and guidance for student projects.
- Supporting students in developing practical, industry-oriented technical skills.

2. Mr. Mahammad Ravi (2011-2014)– Current Software Industry Trends

- Mr. Mahammad Ravi shared important insights into the present situation of the software industry and changing employment trends.
- He explained that technological advancements and automation have changed the nature of employment opportunities in the IT sector. He emphasised that students who continuously update their technical knowledge, learn emerging technologies and develop practical skills can remain competitive in the software industry.
- He motivated students not to depend only on academic qualifications but also to focus on continuous learning, technical skill development, communication skills and adaptability.

3. Mr. Viswanath Reddy(2011-2014) – Salesforce Career Opportunities

- Mr. Viswanath Reddy explained the career opportunities available in Salesforce technology and its growing relevance in the software industry.
- He encouraged students to explore Salesforce-related technologies, understand the available career pathways and develop the technical competencies required for Salesforce-based job roles.
- He also motivated students to gain practical exposure and prepare themselves for emerging opportunities in the IT industry.

4. Mr. Hanumantha Reddy(2011-14) – Full Stack Development Opportunities

- Mr. Hanumantha Reddy shared valuable information regarding full-stack development and employment opportunities in the software industry.

Outcome

The MCA Alumni Meet – 2026 resulted in several positive outcomes:

- Industry Exposure: Students gained valuable insights into current software industry trends and employment expectations.
- Internship Support: Alumni expressed their willingness to support students through internship opportunities and technical assistance.
- Technical Skill Development: Students received guidance on Snowflake, Salesforce, and full-stack development.
- Alumni Integration: The importance of regular alumni interaction, recognition and institutional-level engagement was emphasised.

Conclusion

The MCA Alumni Meet – 2026 was successfully organized by the Department of Computer Applications in association with the MITS Alumni.
