Patan Siddiq Khan
President of MITS ASCE
Student Chapter

Submitted By: Dr. Swapneel Jaiswal, Chief Coordinator – IIIIC and Sr Assistant professor, Department of civil engineering, Madanapalle Institute of Technology & Science.

Organised By: ASCE Student Chapter, Department of Civil Engineering

Dignitaries Present:

Dr P. Ramanathan , Vice Principal (Academics), Madanapalle Institute of Technology and Science

Dr Dipankar Roy, Professor & Head, ASCE Faculty Advisor, Department of Civil Engineering, Madanapalle Institute of Technology & Science.

Dr. Swapneel Jaiswal, Chief Coordinator – IIIC and Sr Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science.

Resource Person:

The speaker Mr. Kishor accomplished and highly qualified senior Management Professional / Professor with an MBA from the prominent University of WALES, UK and a PhD in Management. Gulf experienced with progressive years of management and leadership expertise in the education sector and Oil & Gas industry. 18 years in the education sector working for prestigious universities in UAE and UK. Solid record of accomplishment of 25 years of practice in the core areas of education, General and Operations Management, Project Management, Construction Management Quality Management, and Supply Chain Management. Possess knowledge of various procedures & practices related to Management. Recognized on numerous occasions for administrative skills. Strategic planner with strong coordination, analytical, organizational, time management, team building, and communication skills. Published several research papers. Headed the team that conducted various international conferences in Engineering and Management. Have shouldered numerous positions from senior manager to director to COO levels. Currently, the Founder and Managing Director of Habilite Learning Solutions, India to serve the community with the latest innovative trends in transferring knowledge and building skills for the student community, which are deemed necessary in today's industrial revolution. Also serving as elected treasurer ASCE IS SR (2023-2025) and an adviser to several ASCE chapters in Kerala.

Objective of the Program:

The objective of this program is to inspire and empower students by offering valuable insights into BIM technology. Through the experiences shared by Mr Kishore, participants gained the essential knowledge on BIM technology and its use in civil engineering branches.

Program Details:

The Department of Civil Engineering, MITS in collaboration with ASCE MITS Student Chapter, have organized a Guest Lecture on the “Empowering Future Civil Engineers with Insights and Essential Skills” from 1:30PM to 4:30 PM.

The online event was started with the welcome speech by Dr. Swapneel Jaiswal followed by Dr. Dipankar Roy and followed by the session of resource person. There was good response with nearly 80 students participated from Department of Civil Engineering, MITS Madanapalle. This guest lecture is focused on the skill development through BIM technology. During the session, the treasurer shared insights on the importance of BIM technology in Civil Engineering. The guest speaker explains the usability of BIM technology in the various sectors of civil engineering. The lecture session was supported by the respected management of MITS, Madanapalle and MITS ASCE Student Chapter. The session maintained the expected quality from the resource persons, and were open to discuss and reply to the queries of the participants. At 4:30 PM, the session was concluded and followed by vote of thanks given by Dr. Swapneel Jaiswal, Sr. Assistant Professor, Department of Civil Engineering.

We thank ASCE INDIA Section Southern Region for their continuous support to make this event a success.

PHOTOS:

Outcome of the event:

The outcome of the "Empowering Future Civil Engineers with Insights and Essential Skills" event is to equip participants with the knowledge and skills necessary to excel in their future careers as civil engineers. By engaging with experienced professionals and peers, participants will gain valuable insights into the industry, learn best practices in leadership, project management, and technical competencies, and understand the importance of professional development and networking. The event aims to inspire and prepare attendees to take on leadership roles, approach challenges with confidence, and contribute effectively to the civil engineering profession, ultimately fostering a new generation of well-rounded and capable engineers.

Alignment with Program Outcomes and Sustainable Development Goals:

The event aligns with Program Outcomes (PO) at the levels of PO6, PO8, PO9, PO10, PO11, and PO12, demonstrating its contribution to these key competencies. Additionally, the event supports Sustainable Development Goal (SDG) 4, which focuses on ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all.
