

**A Report on “National Pollution Control Day”**  
**Organized by Department of Civil Engineering**  
**In association with Institution Innovation Council Cell (IIC)**  
**Date: 02.12.2023**

**Submitted by: Dr. Lipsa Mishra, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science.**

**Organized in association with: Institution’s Innovation Council Cell, MITS & ASCE MITS Student Chapter, Department of Civil Engineering.**

**Report Received on 20.12.2023**

**Dignitaries present:**

**Dr. P. Ramanathan, Vice Principal, Madanapalle Institute of Technology and Science, Madanapalle**

**Mrs. U. Vijaya Laxmi, Senior Manager, International Relations Coordinator & Students' Counsellor**

**Dr. K. Arul Kumar, Associate Professor, MITS IIC Coordinator**

**Dr. Dipankar Roy, Professor & Head, Department of Civil Engineering & ASCE Faculty Advisor, Madanapalle Institute of Technology & Science, Madanapalle**

**Dr. Lipsa Mishra, Department IIC Coordinator, Civil Department, Madanapalle Institute of Technology & Science, Madanapalle**

**Objectives of the program:**

The primary objectives of the observance were to educate students (our next generation) about the consequences of pollution, promote pollution control measures, and pay homage to the victims of the Bhopal Gas Tragedy. This day was observed with initiatives aimed at promoting environmental consciousness and sustainable practices.

**Program Details:**

All the participants were gathered in the seminar hall ‘B’ at 2:00 PM. The inaugural session of this program was honored by The Vice-Principal, Dr. P. Ramanathan Garu. Mrs. U. Vijaya Laxmi, Senior Manager, International Relations Coordinator & Students' Counsellor. The head of the department (Civil) and The ASCE Faculty Advisor, Dr. Dipankar Roy sir and the Department IIC Coordinator, Dr. Lipsa Mishra. Ms. M. Manogna president of ASCE MITS student chapter gave welcome speech. Following, Dr. Lipsa Mishra addressed the gathering and highlighted the primary objectives of observing the day, such as raising awareness about pollution-related issues, promoting pollution control measures, and commemorating the Bhopal Gas Tragedy.

Dr. Dipankar Roy addressed the students regarding the Environmental pollution and the possible sustainable approaches we could follow in future. Dr. Arul Kumar also gave the students suggestions to have innovative ideas for a sustainable future with pollution free environment. Mrs. U. Vijaya Laxmi Ma'am, aware the gathered student so that they should follow some general rules for a pollution-free environment. She raised the issue of various forms of air pollution, water pollution and noise pollution. She has put the effort on the thought of control on the source of this pollution. The same has been discussed by Dr. P. Ramanathan Vice Principal MITS. In addition to that he has also suggested the importance of precautionary measures to be taken to protect the environment from the pollution.

**Take-away from the session:**

1. The students have gained the sense of responsibility towards the protection of our environment against pollution.
2. Students have also learned about the various sustainable approaches that can adopted for the developmental activities in order to bring less impact on the environment.
