TO WHOMSOEVER MAY CONCERN

This is to certify that Smt. Golla Jayasree (21691A3242) from Madanapalle Institute of Technology & Science, Madanapalle, AP has successfully completed her internship at Department of Computer Science and Engineering, National Institute of Technical Teachers Training and Research (NITTTR), Chennai, Tamil Nadu from 17.06.2024 to 28.07.2024.

During her internship, she has been trained in the domain of Recommendation system using Natural Language Processing with Text Summarization. Throughout her internship period, she has exhibited extreme curiosity and dedication in learning and applying the concepts in Machine Learning algorithm. She has shown a keen interest in delving deeply into the subject matter, as evidenced by his commitment to presenting a capstone project as internship work on time.

Wishing her all the best for her future endeavors!

Thank you.

This is to certify that **Ms. Nalubolu Sai Kumudini** of **Madanapalle Institute of Technology and Science** has successfully completed her internship, conducted online, at **NIT Rourkela, India**, under my supervision, from **January 24, 2024, to March 24, 2024.**

Throughout her internship, she focused on a project titled '**Dissolved Oxygen Estimation in the Ganges River.**' This project aimed to develop a machine learning model to estimate dissolved oxygen (DO) concentration in the Ganges River. She actively contributed to the development of several state-of-the-art deep learning models and conducted a comparative study to estimate DO concentration using the provided data.

We believe that the knowledge and experience gained during this internship will be invaluable for her future academic and professional endeavours.

This is to certify that **Ms. Gutlapalli Thorani** of **Madanapalle Institute of Technology and Science** has successfully completed her internship, conducted online, at **NIT Rourkela, India**, under my supervision, from **January 24, 2024, to March 24, 2024**.

Throughout her internship, she focused on a project titled '**Dissolved Oxygen Estimation in the Ganges River**.' This project aimed to develop a machine learning model to estimate dissolved oxygen (DO) concentration in the Ganges River. She actively contributed to the development of several state-of-the-art deep learning models and conducted a comparative study to estimate DO concentration using the provided data.

We believe that the knowledge and experience gained during this internship will be invaluable for her future academic and professional endeavours.
