

**A Report on Memorandum of Understanding (MoU) between
Madanapalle Institute of Technology & Science (MITS) Deemed to be University
and Approtech R & D Solutions Private Limited, Chennai
Organized by Department of Computer Science & Engineering
on 14.08.2026.**

Report Submitted by: Mr. Ramalingam D, Asst. Professor, Department of Computer Science & Engineering.

Report Received on 14.08.2026

Mode of Conduct: Offline

The Department of Computer Science and Engineering, Madanapalle Institute of Technology & Science (MITS), Deemed to be University, Madanapalle, has entered into a Memorandum of Understanding (MoU) with Approtech R & D Solutions Pvt. Ltd, Chennai. This collaboration has been initiated to provide internships, projects, faculty engagement, applied research, and consultancy. It also promotes knowledge sharing, digital transformation, innovation, and long-term collaboration in emerging technologies.

Mr. Ramalingam D, Asst Professor/CSE, and Dr. M. Sreedevi, Professor & HoD/CSE, will serve as the Single Point of Contact (SPOCs) for the industry-academia collaboration between MITS and Approtech R & D Solutions Pvt. Ltd. They will coordinate closely with MITS through designated representatives to plan and implement internships, apprenticeships, industry-oriented projects, workshops, expert talks, and skill-development activities. The team will also facilitate faculty engagement in consultancy, applied research, process improvement, digital transformation, and product innovation, while providing industry guidance, technical expertise, and opportunities for students and faculty to gain practical exposure aligned with emerging technologies and industry requirements under the MoU.

The MoU was signed in the esteemed presence of Dr. P. Ramanathan, Principal, Mr. P. M. Balaji, Assistant Director, Industry Relation, Dr. R. Sudhakar, Associate Professor/CSE. Their presence added institutional significance to the collaboration and reflected the strong support of the university leadership towards strengthening industry-academia collaboration through internships, project-based learning, faculty engagement, applied research, consultancy, innovation, and knowledge sharing. Mr. S. Prabu, Director, Approtech R & D Solutions Pvt. Ltd, and Mrs. I. Iswarya, Representative, Approtech R & D Solutions Pvt. Ltd, represented Approtech R & D Solutions Pvt. Ltd, during the signing of the MoU.

The collaboration focuses on strengthening industry-academia engagement between MITS and Approtech R & D Solutions Pvt. Ltd., through internships, apprenticeships, industry-oriented projects, faculty consultancy, applied research, and technical knowledge sharing.

This MoU provides an opportunity for MITS to strengthen industry–academia collaboration through the Department of Computer Science & Engineering. It enables the department to contribute its academic expertise in applied research, consultancy, technical mentoring, project-based learning, and emerging technologies. The collaboration will also enhance student industry exposure, faculty engagement, innovation, skill development, and institutional consultancy initiatives, thereby strengthening MITS–industry partnerships and long-term professional engagement.

Expected Outcome:

- Establishment of a formal industry–academia collaboration between MITS and Approtech R & D Solutions Pvt. Ltd.,
- Provision of structured internships, apprenticeships, industry-oriented projects, workshops, expert talks, and technical training for MITS students.
- Promotion of faculty engagement in consultancy, applied research, process improvement, digital transformation, and product innovation.
- Enhancement of student employability, practical skills, industry exposure, and awareness of emerging technologies.
- Strengthening of knowledge sharing, innovation, and long-term industry–academia collaboration through mutually beneficial projects and consultancy initiatives.
