ONE DAY GUEST LECTUER OF CLOUD VIRTULIZATION

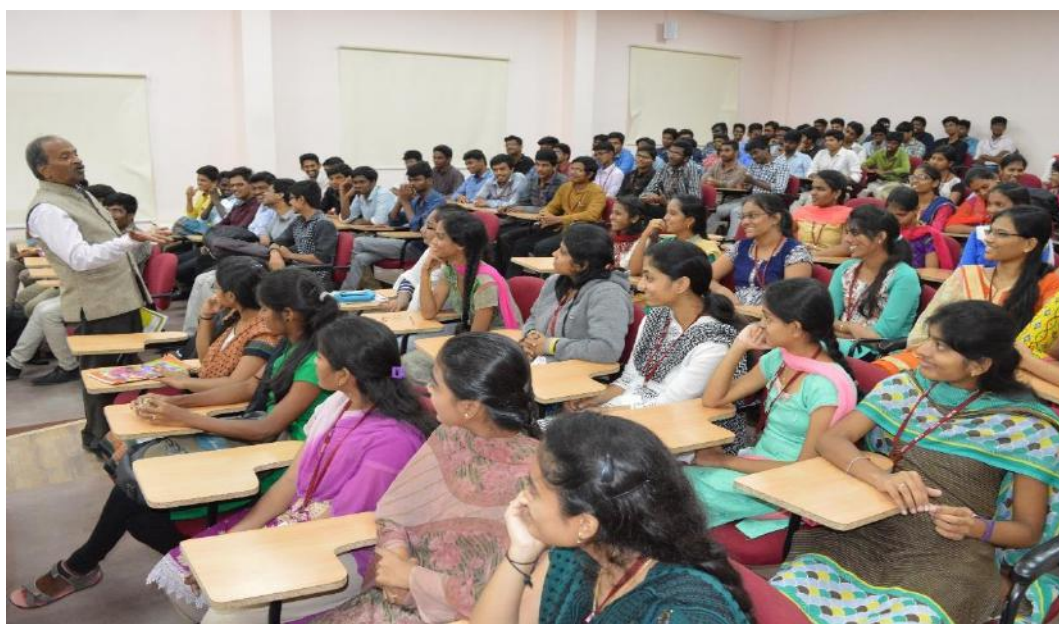

Organised by Dr.R.Kalpana ,Associate Professor, Department of Computer Science and Engineering, MITS ,

Date: 04-1-2020

Day: Saturday

Time: 09:30 Am – 1:00 Pm

Participants: II CSE A, B, C & D section students – Total Members Present – 72

Inauguration of guest lecture begins by Inviting the Vice Principal-Academics Dr.V. Ramanathan, Dr. Mahaboob Basha Shaik Head of Department –CSE, Dr.R. Kalpana, Professor – CSE and Resource Person for the Seminar Dr.Baskaran occupy the chairs in the stage. Inaugurations begin with the prayer song followed by the Lighting the Kutuvellaku by the Resource Person and Vice Principal and HOD along with the student participant of the Guest Lecture.

Our Vice Principal-Academics given the inaugural speech on ‘**Cloud Virtualization**’, on 4th Jan 2020, in Seminar Hall. The purpose of this Guest Lecture was to familiarize students with the upcoming area of Cloud Computing and its applications.

The Guest Speaker was Dr.Baskaran (Senior Assoc Professor,SKP engineering college). He has more than 15 years of experience.

The students (2nd semester – CSE) and faculty members assembled by 09:30 am at the Seminar Hall. The Guest Speaker Dr.Baskaran and Dr. Mahaboob Basha Shaik were welcomed on to the dais. The event started with a welcome speech by Prof.Kalpana (CSE). A brief introduction about the Guest Speaker was given. There were about 72 students awaiting the guest lecture.

Dr. Baskaran started his lecture by giving an introduction to Cloud virtualization and its basic concepts. He then spoke about the importance of Cloud Computing in the IT field. He elaborated on the different

models of Cloud virtualization. He also gave a demo to the students about how a Cloud can be setup using the Microsoft Azure Platform. The students actively participated in the event by interacting with Dr.Baskaran and asking interesting questions on Cloud Computing and virtualization. The Lecture concluded at 1.00 noon, with a vote of thanks by Prof.Kalpana (CSE).

Outcome of the Event

The participants understood the concepts in Cloud virtualization, its advantages, applications and challenges. They were also being familiarized with Microsoft Azure Platform for setting up the Cloud environment. The Guest Lecture aimed to bridge the gap between study materials and practical exposure – and the students benefitted from the PO's **Engineering Knowledge, Problem Analysis, Design/Development of solutions, Modern Tool Usage** and **Life Long Learning**.
