The Department of Computer Science and Engineering (Cyber Security) at Madanapalle Institute of Technology and Science (MITS) organized a one-day workshop titled " Campus to Corporate: English Communication and Employability Skills for Industry Readiness" on 28 October 2026 at Seminar Hall-B. The primary objective of the workshop was to enhance students' English communication skills, confidence, presentation abilities, interpersonal skills, and interview techniques to prepare them for corporate environments.

The session was conducted by Ms. Nalanda Alluri, an experienced English Fluency Trainer, Confidence Coach, and Personality Development Trainer from Nurture with Nalanda, Tirupati.

Welcome Address

The workshop commenced with a warm welcome address by Dr. K. P. Manikandan, Academic Coordinator, Department of Computer Science and Engineering (Cyber Security). . He welcomed the resource person, faculty members, and students to the programme.In his address, he highlighted the importance of English communication, confidence, presentation skills, and professional behavior in securing career opportunities in the corporate sector.

Keynote Address

The keynote address was delivered by Dr. Chandra Prakash Gupta, Professor and Dean – School of Computing. He emphasized that technical knowledge alone is not sufficient for career success and that students must also develop strong communication and interpersonal skills to meet industry expectations.

Lighting of the Lamp

The programme commenced with the traditional Lighting of the Lamp ceremony by the resource person, Ms. Nalanda Alluri. The ceremony symbolized knowledge, wisdom, and the removal of darkness through education, marking an auspicious beginning to the workshop.

Proceedings of the Workshop

Inaugural Session and Introduction

The workshop commenced with an inaugural session, followed by an introduction to the objectives and importance of English communication and employability skills in the corporate world. The resource person highlighted the importance of communication, confidence, and professional behaviour in achieving career success.

English and Workplace Communication & Confidence Building

The resource person explained the importance of effective English communication in professional environments. Students were encouraged to overcome hesitation, improve their spoken English, develop vocabulary, and communicate confidently in workplace situations.

Presentation Skills and Body Language

The resource person, Ms. Nalanda Alluri, explained effective presentation techniques, including voice modulation, eye contact, posture, facial expressions, and hand gestures. She demonstrated the importance of maintaining positive body language, speaking confidently, and presenting ideas clearly in professional and workplace environments. Students were encouraged to overcome stage fear, improve their presentation abilities, and develop confidence while addressing an audience.

Group Discussion Skills

The session focused on the techniques required to participate effectively in group discussions. Students learned how to initiate discussions, express their opinions clearly, listen to others, and contribute meaningful points while maintaining professional etiquette.

Live Group Discussion

A practical group discussion activity was conducted to provide students with hands-on experience. Students actively participated and demonstrated their communication, listening, teamwork, and analytical skills.

Interview Skills, Effective Responses and Fishbowl Mock Interview

The resource person explained various interview techniques, including how to introduce oneself, answer common interview questions, present strengths, and respond effectively to HR questions. A fishbowl mock interview activity was conducted to provide practical exposure to interview situations and help students improve their confidence.

Employability Skills and Industry Readiness

The session focused on essential employability skills required by industries, such as communication, teamwork, adaptability, problem-solving, professional attitude, and confidence. Students were motivated to continuously improve their skills and prepare themselves for corporate opportunities.

Fedback and Valedictory Session

The workshop concluded with a feedback session and a discussion of key takeaways. Students shared their learning experiences and expressed their appreciation for the practical and interactive sessions. The resource person encouraged students to practise English communication regularly and continuously work towards improving their professional skills.

Outcomes of the Workshop

The workshop provided students with valuable knowledge and practical exposure in the following areas:

1. Improved awareness of English and workplace communication.
2. Better understanding of professional body language and presentation skills.
3. Enhanced confidence in participating in group discussions.
4. Practical exposure to interview techniques and mock interviews.
5. Improved understanding of industry expectations and employability skills.
6. Motivation to develop communication skills and prepare for campus recruitment activities.

Conclusion

The one-day workshop on **"Campus to Corporate: English Communication and Employability Skills for Industry Readiness"** was successfully conducted by the Department of Computer Science and Engineering (Cyber Security). The interactive sessions, practical activities, live group discussions, and mock interviews provided students with valuable insights into professional communication and corporate expectations. The workshop served as a useful platform for students to enhance their confidence, communication abilities, and employability skills, thereby preparing them for future placement opportunities and professional careers.
