A Report on One Day National Level Technical Symposium on "GMOCS'2k26"
Organized by Department of Computer Science & Engineering
In Association with Computer Society of India
on 02.04.2026

Report Submitted by: Dr. D. J. Ashpin Pabi, Associate Professor, Department of Computer Science & Engineering.
Chief Guest Details: Ms. Emelda Banumathy, Associate Vice President-Learning & Development, Movate, Chennai.
Venue: Auditorium, MITS
Mode of Conduct: Offline
Report Received on 16.04.2026.

The Technical Symposium GMOCS'2k26 was inaugurated in the auditorium at 10:30 AM. The event commenced with the traditional lighting of the lamp by the dignitaries Chief guest Ms. Emelda Banumathy, Associate Vice President - Learning & Development Movate, Chennai, Dr. P. Ramanathan Professor & Principal, Dr. Chandra Prakash Gupta, Professor & Dean, School of computing, Dr. M. Sreedevi, Head of the Department/CSE and Dr. D. J Ashpin Pabi, Associate Professor/CSE.

WELCOME ADDRESS

Dr. D J Ashpin Pabi, Associate Professor, CSE gave the opening remarks to the gathering. She whole heartedly welcomed the Chief Guest Ms. Emelda Banumathy, Associate Vice President - Learning & Development Movate, Chennai and thanked her for accepting the invitation and graced the occasion with her valuable presence. She has addressed Science and technology is the twin pillars of human advancement. They shape the way we live, think, and interact with the world. Through science, we gain understanding of nature, of ourselves, and of the universe. Through technology, we apply that understanding to create solutions, build societies, and improve lives. From curing diseases to exploring space, from powering cities to connecting people across the globe, the achievements of science and technology are all around us. They not only solve problems but also open doors to new possibilities. In a world facing rapid change and complex challenges, embracing scientific thinking and technological innovation is more vital than ever.

INAUGURAL ADDRESS

Dr. M. Sreedevi, Professor and Head-CSE expressed her delight in inaugurating the symposium. She acknowledged the presence of the Chief Guest and appreciated her valuable time. In her address, she emphasized that the present era is driven by rapid technological advancements, where staying updated with current trends is essential for students. She highlighted that exposure to emerging domains such as artificial intelligence, cyber security, and data analytics enables students to broaden their knowledge and enhance their career prospects. She also encouraged students to actively participate in such technical forums to strengthen their practical understanding and keep pace with industry requirements.

Dr. Chandra Prakash Gupta, Professor & Dean, School of Computing, addressed the gathering and commended the department for organizing the symposium successfully. He remarked that technical events like GMOCS serve as a platform for students to explore innovative ideas and gain insights into the latest developments in technology. He emphasized that

academic learning must be complemented with practical exposure and collaborative learning. He motivated students to utilize such opportunities to enhance their technical proficiency, creativity, and critical thinking skills.

Dr. P. Ramanathan, Professor & Principal addressed the gathering and conveyed his appreciation to the department for organizing the symposium on a grand scale. He stated that such initiatives play a significant role in preparing students for the challenges of the professional world. He pointed out that apart from academic excellence, students must focus on skill development, communication, and adaptability. He further stressed that continuous learning and awareness of evolving technologies are essential to succeed in today's competitive environment.

CHIEF GUEST KEYNOTE ADDRESS AND SOUVENIR RELEASE

Chief guest Ms. Emelda Banumathy, Associate Vice President - Learning & Development Movate, Chennai addressed the gathering and delivered an engaging keynote address. She highlighted the importance of perseverance, dedication, and self-discipline in achieving success. She emphasized that students should not fear challenges but instead view them as opportunities for learning and growth. She stressed the need for holistic development, encouraging students to focus not only on technical skills but also on communication, confidence, and overall personality development.

She inspired the audience by stating that every student has unique potential and compared them to "Sanju Samson," emphasizing that with the right mindset, consistency, and hard work, each individual can achieve excellence in their respective fields. She encouraged participants to build strong technical foundations while enhancing their problem-solving and decision-making abilities. She concluded by motivating students to remain curious, innovative, and committed to lifelong learning. The Department Souvenir was released during GMOCS-2k26 by the Chief Guest, Ms. Emelda Banumathy, Associate Vice President, Learning and Development, Movate, Chennai, in the presence of Dr. P. Ramanathan, Principal, Dr. Chandra Prakash Gupta, Dean – School of Computing, Dr. M. Sreedevi, Head of the Department/CSE, and Dr. D. J. Ashpin Pabi, Associate Professor and Coordinator, Department of CSE.

Glimpse of Events

Prize Winners of Technical Events & Non-Technical Events

S. No	Events	Winners	Runners
1.	Paper Presentation	V.Charitha M.Chethana Sree	A. Jahanavi, N.Harish Kumar Reddy
2.	Ideathon	Lingala Jyoshna, N. Jagan Mohan Reddy, P. Chinnari Saranya	Bugide Nikhila, Gondi Harshitha Royal, Ayila Likitha
3.	Project Expo	V. Chakrapani, P. Chiranjeevi	S. Reddy Mani Bhushan, B. Naveen M. Sudhakar
4.	Technical Quiz:	I Year Bhavya Sree. M Higher Semester Bhavya Shree. M	I Year Nafia Shaik Higher Semester Subba Reddy. B
5.	Workshop	J. Praneeth Reddy	B. Rupavathi
6.	Vibe Coding	K. Janith Sai, Scandan Gupta	R. Deepak Agarwal, N. Kumar Raja
7.	Non-Technical Events	D. Sivadharani	K. Lalasapriyanka
	1. Sudoku	V. Amrutha	D. Lokesh
	2. Movie Mania	S. Fyroja Banu, Krishna Divya, C.Harshini	Sai Santosh P, Shaik Sana Farheen, Siva Charan B
	3. Scribble	S. Jashwanth, B. Lakshmi Prasad	R.Nikhil, D.Nanda vardhan reddy
	4. Synergy Challenge	A. Noor-E-Alam khan, B. Venkata Mahesh	Y. Chetan Reddy, Y. Sree Ganesh
	5. ShowDuoOn	Freefire Avinash. R	Freefire Pawar Jatin Rao
	6. E-Sports	Ludo D. Indra Kiran	Ludo Sai Harshitha. A
7. Bottle Storm	S.Sreesanth, D.Siva Shankar, B.Ravi Teja, Y.Vikas, T. Varunkumar	D. Lakshmi Narasimha , M Vishnu Vardhan, C Vikram Yadav, S.G.Venkata Navadeep, A . Dhanush Jaswin Reddy	

VALEDICTORY & VOTE OF THANKS

The valedictory function of the One Day National Level Technical Symposium GMOCS–2k26 commenced at 3:30 PM in the Auditorium, MITS. Dr. Chandra Prakash Gupta, Dean – School of Computing, Dr. M. Sreedevi, Professor and Head, Department of CSE, and Dr. D. J. Ashpin Pabi, Associate Professor and Coordinator, Department of CSE, graced the occasion. They distributed certificates and prizes to the winners and congratulated all participants for their enthusiastic involvement in GMOCS–2K26.

The session concluded with the vote of thanks delivered by Dr. K. Senthil Kumar, Assistant Professor, Department of CSE. He expressed his sincere gratitude to the management, dignitaries, faculty members, and student coordinators for their dedicated efforts in making the symposium a grand success.

OUTCOME:

The One Day National Level Technical Symposium GMOCS–2K26 provided a comprehensive platform for students to enhance their technical and professional competencies. The key outcomes of the event are as follows:

- **Skill Development through Technical Events:** Participants gained hands-on experience in various domains through activities such as coding, workshops, and technical quizzes, improving their practical knowledge and problem-solving abilities.
- **Promotion of Innovation and Creativity:** Events like Project Expo and Ideathon encouraged students to present innovative ideas and real-time solutions, fostering creativity and entrepreneurial thinking.
- **Enhancement of Research and Presentation Skills:** Paper presentation sessions enabled students to explore advanced topics, conduct research, and effectively communicate their ideas.
- **Strengthening of Analytical and Logical Thinking:** Competitive events such as technical quizzes and coding challenges helped students improve their analytical and critical thinking skills.
- **Teamwork and Collaboration:** Group activities and team-based competitions enhanced collaboration, coordination, and leadership qualities among participants.
- **Exposure to Industry Expectations:** Interaction with experts and participation in diverse events provided insights into current industry trends and expectations.

Overall, GMOCS–2K26 successfully contributed to the holistic development of students by integrating knowledge, innovation, and practical exposure.

National Level Technical Symposium (GMOCS-2K26) organized at MITS

Madanapalle, April 02(Skyline daily): The Department of Computer Science and Engineering organized a National Level Technical Symposium (GMOCS-2K26) at MITS Deemed to be University near Madanapalle. The chief guest of the event was Emelda Bhanumathi, Associate Vice President of Learning and Development, Movel, Chennai, who inaugurated the event by lighting the lamp. Speaking at the event, she said that to succeed in the industry, only technical knowledge is not enough, communication skills and soft skills are also very important. She said that innovations should be made on new tech-

nology. She said that along with giant tech companies around the world, small companies are making new innovations with better research in existing new technology, and students should focus on them. While embracing modern technologies like Generative AI, priority should be given to innovations with ethical values, she said. Behind the rapid progress we are seeing in today's world, innovations in technology, revolutionizing industries, solving global challenges, etc. can be said to be the cornerstone of technological innovation progress, she said. Technological innovation is about creating new opportunities to increase efficiency and solve problems, she said. Technology innovation is not limited to groundbreaking innovations, but also affects incremental improvements to existing tools, systems and processes, she said. Job opportunities can be obtained by increasing awareness of new technologies, she said. Certificates of appreciation and prizes were given to students who excelled in the competitions organized as part of the program. Principal Dr P Ramanathan, Dean School of Computing Dr Chandra Prakash Gupta, Head of Department Dr M Sradevi, Coordinator Dr DJ Ashpim Pabi, faculty and students participated in the program.
