Guest Lecture titled "Inspiring Technical Talents at MITS"

Organized by Department of Computer Science & Engineering

Participants:

III Year B.Tech – Computer Science & Engineering Students – MITS
17th Jan 2018

Submitted by: **Dr. D. Chandramohan, Assistant Professor, Department of Computer Science & Engineering**

The Department of Computer Science & Engineering organized a guest lecture titled "**Inspiring Technical Talents at MITS**" for B.Tech - III Year II semester students on **17th Jan 2018**. The aim of this guest lecture is providing the awareness about cloud computing technology and its benefits.

Cloud computing is the on-demand availability of computer system resources, especially data storage and computing power, without direct active management by the user. The term is generally used to describe data centers available to many users over the Internet. Large clouds, predominant today, often have functions distributed over multiple locations from central servers. If the connection to the user is relatively close, it may be designated an edge server.

Inauguration: The inaugural session has started at 09:45 AM in the CSE seminar hall. Dr. D. Chandramohan invited Dr. M. Sakthi Ganesh, Professor & HOD of Computer Science and Engineering, Dr.Ch.Rama Prasada Rao, Professor and Dean – Industry Institute Interaction Cell, Dr. C. Yuvaraj, Principal, Mr. Rajendran Dhandaphani, Director ZOHO Technologies, Chennai onto the dais.
