A Report on “MITS Spark: Innovation Day Celebration”

Organized by
Institution's Innovation Council (IIC) – Students Council, MITS
Date: 15.10.2025

Report Submitted by: Dr. Anantha Raman L., IIC Coordinator, Assistant Professor, Department of Mechanical Engineering.

Participants: Students from all B.Tech., MBA and MCA Departments

Time: 04:00 PM | Venue: Seminar Hall – B

Attendance: 88 Participants

Report Received on 17.10.2025.

Mode of Conduct: Offline

The “MITS Spark: Innovation Day Celebration 2025” was successfully organized by the Institution’s Innovation Council (IIC) Student Council on 15th October 2025 at Seminar Hall – B to commemorate the birth anniversary of Dr. A. P. J. Abdul Kalam, the People’s President and a true symbol of innovation and inspiration.

As part of the celebration, an Innovation Idea Challenge Contest was conducted to encourage creative thinking and problem-solving among students. A total of 80 students enthusiastically submitted their innovative ideas addressing various problem statements. All submissions were blind-evaluated by the IIC Student Council, and the top three ideas were selected for awards. Cash prizes and certificates were distributed to the winners during the event.

The program began with a Welcome Address by Mr. P. Sai Charan Reddy (President, IIC Student Council), who fondly remembered the visionary contributions of Dr. A. P. J. Abdul Kalam to science, technology, and innovation.

This was followed by an address from Dr. R. Thulasiram Naidu (Principal R&D Advisor), who emphasized the importance of Intellectual Property Rights (IPR) and encouraged students to focus on research publications and patentable innovations.

The Principal, Dr. P. Ramanathan, then delivered a motivating speech urging students to actively participate in innovation activities, ideathons, hackathons, and other national platforms to enhance their skills and contribute to nation-building through technology and creativity.

A key highlight of the event was the launch of the official MITS IIC Blog (<https://mitsiic.in>) by Dr. Anantha Raman L. (IIC Coordinator) along with Dr. P. Ramanathan (Principal) and Dr. R. Thulasiram Naidu (R&D Advisor). The blog aims to showcase innovative initiatives, student projects, and success stories under the IIC at MITS. Subsequently, the prize distribution ceremony was held, where the top three innovators of the Idea Challenge Contest received their certificates and cash awards from the dignitaries.

The event concluded with a Vote of Thanks by Dr. Anantha Raman L., IIC Coordinator, expressing gratitude to the Principal, Advisor, faculty members, and student organizers for their constant support and encouragement. Overall, the event served as an excellent platform to nurture creativity and innovation among students, aligning with the vision of Dr. A. P. J. Abdul Kalam and the objectives of the Institution's Innovation Council (IIC).
