Objective of the Event:

The main objective of the meeting was to create a common platform, where faculties and parents come together to discuss student's performance and devise ways to enrich their learning experience.

About the Session:

Department of Computer Science Engineering - Data Science organised a Parents Teacher Meeting on 04-11-2023.

The session started by 10.00 am with 58 parents of which includes II year and III year students of DS branch.

Dr. S. Kusuma, Head of the Department of Data Science, welcomed the gatherings. She addressed the parents about the institute's rules and regulations, methodologies of teaching & learning for the overall welfare of the students. She insisted the parents to encourage and appreciate the student's participation in all academic and co-curricular activities.

Then the parents were informed to meet the respective mentors and class-in-charge of the students. The academic progress and attendance of the respective students were discussed with the parents by the mentors.

Valedictory:

The Parents Meeting came to an end with the conclusion that the progress and development of the students depend on the joint efforts of parents and teachers. The meeting helped to create better understanding between the parents and faculties and to build the harmonious relationship between the department, college and the community.
