A Report on “Parents’ Meeting” Organized by Department of CSE (AI and ML) on 01.09.2026

Report Submitted by: Mrs. R. Usha, Assistant Professor, Department of CSE (AI and ML)

Participants: Parents Nos.- 73

Venue: Seminar Hall - B

Mode of Conduct: Offline

Report Received on 05.09.2026.

The Department of Computer Science & Engineering – Artificial Intelligence & Machine Learning organized a **Parent–Teacher Meeting** on **01 September 2026 at 10:00 AM** in the Auditorium of MITS University. The meeting was organized with the objective of strengthening the interaction between parents, students, mentors, and faculty members and to discuss the academic progress and overall development of students.

The programme commenced with a warm welcome to the parents and dignitaries with Lightening the lamp.

Welcome Address:

The **Welcome Address** was delivered by **Mrs. R. Usha, Assistant Professor, Department of CSE (AI and ML)**. She warmly welcomed the parents and highlighted the importance of active communication and collaboration between parents and the institution for the academic and personal development of students.

She emphasized the role of parents in encouraging students to maintain regular attendance, focus on academics, develop technical and communication skills, and make effective use of the opportunities provided by the institution.

Following the welcome address, the **Mr. Md Riyaz Ali, Student–Parent Relation Manager** addressed the gathering. He provided an overview of how the college maintains communication and coordination with students and parents.

He explained the various mechanisms followed by the institution to address students' academic and personal requirements and emphasized the importance of continuous interaction between parents, students, mentors, and the institution. The session helped parents understand how the college supports students throughout their academic journey.

Mrs. U. Vijayalakshmi, Associate Director - International Relations, addressed the parents and briefed them about the various international opportunities available to students.

She highlighted opportunities related to internships abroad, international exposure, and avenues through which students can gain academic and professional experience beyond the country. She encouraged students to explore such opportunities to enhance their technical skills, professional exposure, and global perspective.

Dr. Athahar Samina, Senior Manager – Student Affairs, addressed the parents regarding the various scholarship opportunities available for students. She provided information about Central Government scholarships as well as private and NGO-sponsored scholarships. The session helped parents understand the availability of financial assistance schemes and encouraged them to explore suitable scholarship opportunities for their wards.

Keynote Address:

Dr. S. Padma, Head of the Department of CSE – AI & ML, addressed the gathering. She welcomed the parents and provided an overview of the department's academic activities, student development initiatives, and the various opportunities available for students.

She highlighted the importance of regular attendance, academic performance, discipline, skill development, and active participation in departmental activities. She also emphasized the role of parents in continuously supporting and motivating their wards towards academic excellence and overall personality development.

Dr. S. Padma encouraged the parents to maintain regular communication with mentors and faculty members to monitor the progress of their wards and to work collaboratively with the department for their successful academic and career development.

Dr. P. Ramanathan, Principal, MITS University, addressed the gathering and highlighted the importance of discipline, regular attendance, academic progress, and the overall development of students. He emphasized the role of parents and mentors in continuously supporting and monitoring students. He highlighted the following points: -

1. Professional certifications to strengthen students' technical profiles.
2. Enrolling in skill enhancement courses beyond the regular curriculum.
3. Developing Industry-relevant technical and practical skills.
4. Participating in Internships, Workshops, Hackathons, and Training programmes.
5. Making effective use of online learning platforms such as NPTEL and other Certification programmes.
6. Improving Communication, Problem-Solving, and Employability Skills.
7. Preparing students to meet Industry requirements and Career opportunities.

Dr. S. Padma, Head of the Department of CSE – AI & ML, presented the department highlights of the previous academic year. She briefed the parents about the department's academic achievements, student accomplishments, technical activities, events, certifications, skill-development initiatives, internships, and other opportunities provided to students.

- Student Strength & Admissions
- Faculty Strength & Achievements
- Industry–Academia Collaborations & MoUs
- Professional Memberships
- Technical Events & Workshops
- Student Certifications
- Academic Performance & Results
- Internships & International Exposure
- Student Achievements
- Research & Publications
- Projects & Innovation
- Placement & Skill Development
- Industrial Visits
- Scholarships & Student Support
- Upcoming Events & Future Plans

After HoD Madam presentation, the Parents came forward to meet Mentor and Class Teachers to know their ward academic performance. The student's attendance percentage, Mid Test Marks and End semester Marks are shared to parents. The parents are requested to meet the faculty members at least once in a semester.

1. Parents and students participated actively and gained a better understanding of the students' academic performance.
2. Parents were informed about the academic activities and departmental initiatives through the HoD's presentation.
3. The session received a positive response, with parents actively interacting and sharing their queries and suggestions.
4. Parents expressed their interest in having similar meetings in the future and appreciated the opportunity provided by the MITS Management.

Students of II Year proposed a vote of thanks to Parents, HOD, CSE (AI and ML) and CSE (Networks) Parents & Students for attending the meeting. They extended thanks to the Principal, and the Management for their support to conduct the Programme.

SDG 4 – Quality Education: Supporting students’ academic growth and overall development.
SDG 3 – Good Health and Well-being: Promoting students’ mental and emotional well-being.
SDG 17 – Partnerships for the Goals: Strengthening collaboration among parents, students, mentors, and the department.
