Report on
Recent Trends & Current needs in industry - Engineering Exploration benefits using multidisciplinary student project.

Organized by Department of CSE- MITS

30 August 2017

Report Submitted by: Mr Y C A Padmanabha Reddy, Asst Professor, Dept of Computer Science & Engineering, MITS

Resource Person :- Dr Karthik Sankaran-Ex.MD -Analog Devices

Participants:- IV B.Tech I Sem (CSE A & B) Students

The Guest lecture was inaugurated by **Mr Saravana Babu**, Senior Placement Officer & **Dr Sakthi Ganesh M**, Head of the Department of CSE. Dr.K.R Kashwan, Dean ECE attended the inaugural session. 104 students attended the guest lecture.

The Resource person Dr Karthik Sankaran was very interactive with the students by asking questions on recent trends in the industry. He advised the students to inculcate the habit of updating the knowledge on current technologies used in industry and also discussed about the concepts and real time environment of machine learning & artificial intelligence used in the industry. He motivated the students to be industry ready by learning courses through practicals. He advised a few of the best certified MOOC providers such as Coursera, MIT for machine learning course to the students as it is the future trend in the upcoming industry.

Dr Karthik explained about the importance of implementation of core-concepts in CSE rather than learning conceptually. He said, "Industry is dynamic in nature. To compete with this nature student should have the habit of learning and problem solving skills to face the unsolved new real world problems in the industry." He explained about the benefits of doing the multidisciplinary student projects.
