Report Submitted by: Mr. B. Bhaskar, Assistant Professor, Department of CSE (Data Science), MITS.
Resource Person Details: Mr. K. Khadar, SAP Lead, Zensar Technologies.
Theme: SAP Fundamentals & Applications
Venue: WB-219
Mode of Conduct: Offline
Target Audience: IV DS

Objective of the Program

The objective of the workshop was to provide participants with fundamental knowledge of SAP and practical exposure to its applications in enterprise resource planning systems, thereby enhancing industry-relevant technical skills.

Brief Description of the Event

A One Day Hands-on Workshop on “SAP Fundamentals & Applications” was conducted to familiarize participants with SAP concepts and real-time business applications. The resource person, **Mr. K. Khadar**, explained SAP fundamentals, system architecture, and major functional modules such as Financial Accounting (FI), Materials Management (MM), Sales and Distribution (SD), and Human Capital Management (HCM). The program included live demonstrations and hands-on sessions, enabling participants to navigate the SAP environment and perform basic transactions.

Outcome of the Program

The workshop resulted in:

- Enhanced understanding of SAP fundamentals and ERP concepts
- Improved practical skills in using SAP software
- Awareness of SAP career opportunities and certification paths
- Increased confidence in handling enterprise-level applications

Conclusion

The One Day Hands-on Workshop on “**SAP Fundamentals & Applications**” was successfully conducted and met its objectives. The program provided valuable practical exposure and contributed positively to the academic and professional development of the participants.
