## Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization earned to this certificate may show on several transcripts, taught on campus, but the included courses are not repeated in on-campus courses. Participation in the online specialization does not constitute enrollment at this university. This certificate does not confer university grade, course credit or degree, and it does not verify the identity of the learner.
