A Report on "Parents-Teachers Meeting"
Organized by Department of Computer Science & Technology
on 21.02.2026

Report Submitted by: Ms. Lakshmi B, Assistant Professor, Department of CST
Total Participants: 65 (II B.Tech CST Students, Parents & Teachers)
Mode of Conduct: Offline
Report Received on 02.03.2026.

Department of Computer Science & Technology has organized Parent's Teachers Meeting for B.Tech 2nd Year Students (2024 Admitted) conducted on 21.02.2026 (Saturday) at Venue: NPN 105 MITS.

Objective:

"The purpose of this Parents-Teachers Meeting is to establish a constructive dialogue between parents and educators, creating a strong support system for students. By discussing academic performance, technical training performance and behavioural development, and future aspirations.

Dignitaries present:
Dr. K. Dinesh, Associate Prof & Head, Department of Computer Science & Technology, MITS.
Program Details:
The program planned and organized with an informative inauguration ceremony. Here is a breakdown of the key elements mentioned:

Welcome Address
By **Mr. Mr. Junnubabu Noorbhasha Asst. Professor Technical Coordinator**, The meeting commenced with a warm welcome address. He graciously welcomed the parents, faculty members, and students, and stressed the vital role of parental involvement in enhancing students academic performance. He further explained that the purpose of organizing the meeting was to build a supportive platform where parents and teachers can collaborate effectively for the overall academic success of the students.

Speaker: **Dr. Dinesh K , HOD/CST, MITS**

Dr. Dinesh K addressed the gathering and emphasized the importance of conducting the Parents–Teachers Meeting to discuss the academic progress of students, particularly the identified slow learners.

He informed the parents that nearly 65 students were identified based on their Technical performance and current learning levels. The purpose of the meeting was to clearly communicate students' subject-wise performance, attendance status, and areas that require improvement.

Dr. Dinesh K highlighted the vital role of parents in monitoring study habits at home and motivating students to perform better. He assured that the department is taking necessary steps such as conducting remedial classes, providing special mentoring, and continuous academic monitoring to support students.

He encouraged parents and faculty members to work together to create a supportive and disciplined learning environment for the overall academic success of the students.

Some points are listed out here,

- Explained the objective of the meeting, which was to discuss the students' academic progress and their current learning levels.
- Informed that nearly 65 students were identified as slow learners based on technical assessments and overall academic performance.
- Stated that it is essential and compulsory for parents to visit the department at least once every semester to understand their child's academic performance.
- Advised parents to maintain contact with the mentor at least once a month through phone calls to discuss their child's progress and address any concerns.
- Highlighted the importance of parental support and encouragement at home to strengthen students' academics and secure their future.
- Provided information about **CodeTantra**, a powerful Learning Management System (LMS), used to enhance students' software coding skills.
- Explained how parents can use **GEMS-IMS** to regularly monitor their child's attendance.
- Advised parents to pay close attention to their wards' mobile usage at home and to question unnecessary usage.
- Instructed students to utilize the library effectively to enrich their knowledge and encouraged the use of textbooks for exam preparation instead of relying solely on PDF notes on mobile phones.
- Emphasized that parents should closely monitor their child's performance in technical assessments and internal examinations.
- Encouraged parents to regularly review CodeTantra assessment results and ensure consistent preparation for technical subjects.
- Informed that extra classes will be conducted by the department from 5:00 PM to 7:00 PM to provide additional academic support.

Student Parent:

One of the parents, who is an engineer by profession, addressed the gathering during the Parents–Teachers Meeting. She expressed her gratitude to the Head of the Department and faculty members for organizing the meeting to discuss students' academic progress.

She appreciated the department's effort in identifying nearly 65 students who require additional academic support and for clearly explaining the current learning levels, subject-wise performance, and attendance details. She mentioned that such transparency helps parents understand the actual academic position of their children.

Being an engineer, she emphasized the importance of strong fundamentals, consistent practice, and disciplined study habits for long-term success. She assured that parents will monitor their children's study schedules at home and motivate them to improve their performance.

Vote of Thanks by Ms Lakshmi B, Event Coordinator

I stand before you with a heart full of gratitude and a sense of accomplishment as we conclude this insightful and engaging parent-teacher meeting. On behalf of the organizing team and the entire CST community, I would like to express our sincere thanks to each and every one who made this event a success.

Outcome of Parents-Teachers Meeting

The Parents–Teachers Meeting was conducted successfully with active participation from parents, faculty members, and students. The meeting created a constructive platform to discuss students' academic progress, attendance, and learning levels, particularly for the identified slow learners.

As an outcome of the meeting, parents gained a clear understanding of their child's academic performance, technical assessment results, and areas requiring improvement. The importance of regular monitoring at home, controlled mobile usage, and disciplined study habits was strongly emphasized.

Parents agreed to:

- Visit the department at least once every semester to review their child's performance.
- Maintain monthly communication with mentors to track academic progress.
- Monitor performance in internal and technical assessments, including CodeTantra evaluations.
- Regularly check attendance through the GEMS-IMS portal.
- Encourage effective use of library resources for exam preparation.

The department committed to:

- Conduct remedial and extra classes from 5:00 PM to 7:00 PM for technical improvement.
- Provide continuous mentoring and academic monitoring.
- Offer additional support in technical subjects and coding skills development.
