Company Profile:

MVD Fasteners Private Limited

MVD Fasteners Private Limited is a Bangalore-based company specializing in the manufacturing and supply of industrial fasteners. They are known for a wide product range, including blind rivets, building hardware, bushings, and various types of bolts and nuts, serving industries like automotive, construction, electronics, and aerospace. Their Nature of Business is as Manufacturer, Exporter, Supplier, Retailer, Distributor, Trader, Importer, etc.

Regarding their Products and Services:

- MVD Fasteners offers a wide variety of fasteners, including blind rivets, building hardware, bushings, hex bolts, self-clinch nuts, and more.
- They cater to various industries, including automotive, construction, electronics, and aerospace.

- Their products are available in different materials like stainless steel, carbon steel, and alloys, with various finishes like zinc plating, black oxide, and anodizing for corrosion resistance.
- They also manufacture custom fasteners based on specific client requirements.
- In addition to manufacturing, they are also involved in trading, importing, and exporting fasteners.
- The company has a strong focus on quality and is known for its high-quality products.
- They have a dedicated team for quality control, including inspection and packing.
- MVD Fasteners utilizes both automatic and manual packing systems, including barcode label printing.
- The company is expanding its manufacturing capabilities and aims to increase its production capacity to meet growing demand.

Objective of the Industry Visit:

The main aim of the industry visit is to find internship and job opportunities for B.Tech EEE, MECH & CSE students. It helps us understand what the company expects from students and how we can connect classroom learning with real work experience. This visit also helps build a good relationship between the college and the company for future placements and training.

Outcome of the Industrial Visit:

1. **Students Internship:** This Company have given positive response towards providing internship to our students with providing additional facilities like accommodation, transport and food along with monthly stipend.
2. **Students Placement:** They are ready to do a placement drive at our campus in August/September 2025 for 2026 passing out batch students.

Acknowledgments:

We express our sincere gratitude to the Management, Principal, Vice Principal (Academics and Administration), Head Training & Placement cell, for their unwavering support and encouragement. I also express my heartfelt thanks to my EEE HOD Sir for the continuous support and guidance. All the higher officials continuous backing was instrumental in organizing and facilitating this insightful industrial visit, providing our students with a platform to bridge theoretical learning with practical exposure.
