

3. Visit of 5 Deans from Asia University - Taiwan on 7th July 2023

The Visit of Asia University Delegation from Taiwan happened on 7th July 2023 in MITS. Five Deans from Asia University- Taiwan, which is one of the world's top 900 universities, visited MITS on 7th July 2023. The delegation comprises, Dr. Yinghuei Chen- Dean of International College, Dr. Jiunn-Jong Wu Dean of College of Medical and Health Sciences, Dr. Ching-Hsien Hsu Dean of College of Information and Electrical Engineering, Dr. Chun-Wei Lin- Dean of College of Management, Dr. Charles C.N. Wang Dean of Industry Academia Collaboration.

MITS entered into Memorandum of Understanding with Asia University-Taiwan in November 2017 for a period of 5 years and as a result many academic activities like internships, collaborative activities and research programs happened. At the outset, as the previous MoU time is over, the MoU between 2 organizations got further renewed for 5 more years.

Further, a Memorandum of Agreement with the College of Information and Electrical Engineering and also with the College of Management of Asia University - Taiwan was signed in. This MoA for is for further academic collaboration with the above-mentioned departments respectively. This visit is very significant as many of MITS students will get good opportunities to do research, internships and also MS programs in Asia University - Taiwan.

Prof. Yinghuei Chen Dean of International College of Asia University Taiwan, who is leading the entire team during the visit addressed and gave a presentation about Asia University-Taiwan. The delegation visited the laboratories in MITS and discussed a about the future collaborative activities. The management and authorities of MITS expressed their happiness about the better future of the student community. This visit will open new avenues in the international horizon for the students and the faculty of Madanapalle Institute of technology & Science.

of College of Information and Electrical Engineering, Dr. Chun-Wei Lin- Dean of College of Management, Dr. Charles C.N. Wang Dean of Industry Academia Collaboration.
