MITS International Relations office organized an awareness program on “A Perfect Planner for Overseas Education to USA, Canada, UK, Europe, Australia, New Zealand, UAE, South Korea” on 10th April 2026 in the Auditorium at 2.30 to 4.30 PM. Interested third year students of all the departments have attended the session along with the IRO Coordinators of the respective departments.

The main objective of the program was to create awareness about higher education systems in USA, Canada, UK, Europe, Australia, New Zealand, UAE, South Korea and also to inform them about the scholarship schemes, Visa process, specialization importance and admission requirements.

The resource person **Mr. Sachin Soni, Head of Business and Strategy of WhatNext Overseas Consultancy** addressed the third year B. Tech and interested students of all branches. As the resource person he enlightened the students about the wide range of the academic prospects, scholarships and application procedures pertaining to the country specific. Mr. Sachin Soni offered his guidance for the aspiring students and familiarized them with the requirements and benefits of pursuing education in the reputed global institutions in USA, Canada, UK, Europe, Australia, New Zealand, UAE, South Korea. He also through limelight on the various scholarship schemes, visa processes and admission requirements in the public and private universities in each country. He shared some deep insights about the international learning environments that foster global exposure and skill development for their better careers. An additional information was shared on choosing suitable courses, understanding the admission norms and preparing for standardized tests such as IELTS, TOEFL, and GRE.

The program enhanced students' understanding of international educational pathways and many participants expressed their interest in applying to the universities abroad and appreciated the clarity offered by Mr. Sachin Soni. The event was highly informative and beneficial that broadened the participants' perspectives on global education that inspired the students to consider various academic opportunities that escalate their skillset and professional growth.
