

A Report on

“Alumni Success Stories: Inspiring Students through Career Experiences and Communication Skills”

05.05.2026 (Tuesday)

Submitted by: Dr. B. Rajesh Kumar (Program Coordinator, MITs Community Radio 90.8)

Introduction

MITS Community Radio 90.8 organized a special Alumni Interaction Programme on 5th May 2026 with the objective of motivating students through the success stories and professional experiences of MITS alumni. The programme focused on the importance of communication skills, personality development, placements, and career readiness.

As part of the programme, Sri. M. Narasimhacharlu, Programme Manager, interviewed two distinguished alumni, Ms. Akhila and Mr. Srikanth, who shared their educational journeys, professional achievements, and experiences at MITS Madanapalle Institute of Technology and Science.

The programme provided valuable insights to students regarding career opportunities, skill development, campus placements, and the role of extracurricular activities in professional growth.

Objectives of the Programme

The major objectives of the alumni interaction programme were:

- To motivate students through alumni success stories.
- To create awareness about career opportunities and placements.
- To highlight the importance of communication and personality development.
- To encourage students to participate in academic and extracurricular activities.
- To strengthen alumni-student interaction and learning.

Interview with Ms. Akhila (IT-based company named Chagaron in Hyderabad)

The first interaction was conducted with Ms. Akhila, an alumna of Civil Engineering from MITS, currently working in an IT-based company named Chagaron in Hyderabad.

During the interview, she introduced herself and shared her family background, mentioning that she was born and brought up in Madanapalle. Her father serves in the Army, and her mother is a homemaker.

Ms. Akhila explained that MITS played an important role in shaping her personality and career. According to her, the institution helped her improve communication skills, teamwork abilities, self-confidence, and overall personality development.

She particularly highlighted the role of seminars, presentations, activities, and MITS Community Radio 90.8 in improving her vocabulary, speaking skills, and confidence levels. She mentioned that communication skills are extremely important because knowledge alone is not sufficient unless it is communicated effectively.

While speaking about Community Radio activities, she stated that participation in radio programmes helped her overcome fear and become more confident while speaking publicly.

Ms. Akhila also shared the values she learned from her father, including honesty, courage, discipline, and the confidence to face challenges fearlessly.

When discussing her professional journey, she explained that she secured her current job opportunity through MITS campus placements. She appreciated the placement support provided by MITS and stated that hardworking and talented students receive excellent opportunities through the institution.

Finally, she advised students to actively participate in all activities, improve communication skills, and make use of every opportunity available for personal and professional growth. She also expressed her willingness to return to MITS in the future and share her corporate knowledge and experiences with students.

Interview with Mr. Srikanth(Infra Company,Chennai)

The second interview was conducted with Mr. Srikanth, an alumnus of Civil Engineering from MITS, currently working in a corporate company.

During the interaction, Mr. Srikanth shared that he belongs to a small village near Kadiri. His father is a farmer, and his mother is a homemaker. He also mentioned having two sisters and one younger brother.

He explained that he studied in a residential school from his childhood and later completed his diploma before joining B.Tech at MITS.

Mr. Srikanth stated that he chose MITS because of its reputation for quality education, communication training, placements, and supportive faculty members.

While sharing his college experiences, he expressed that his journey at MITS was highly memorable and beneficial. He improved his communication skills, technical knowledge, confidence, and professional outlook during his time at the institution.

He highlighted that MITS provided numerous opportunities such as industrial visits, presentations, paper presentations, patent activities, community radio participation, and placement support. He also appreciated the faculty members for continuously supporting students in academics, placements, higher studies, and extracurricular activities.

Mr. Srikanth proudly shared that he qualified in GATE and secured placement in an infrastructure company through campus recruitment.

He advised students to utilize all opportunities provided by MITS for developing communication skills, practical knowledge, and industry exposure required for successful careers.

He further mentioned that MITS effectively prepares students for professional careers by providing communication training, practical learning experiences, and corporate exposure.

Finally, he emotionally expressed that he misses his college days very much and remains thankful to MITS for providing him with a strong foundation for a successful life and career. He also expressed his interest in returning to MITS to guide students by sharing his professional experiences and career advice.

Key Insights from the Alumni Interaction

The alumni interaction programme highlighted several important aspects related to career growth and student development:

- Importance of communication skills in professional success
- Role of campus placements in career opportunities
- Significance of extracurricular activities and practical exposure
- Importance of confidence, teamwork, and discipline
- Contribution of faculty support in student development
- Value of alumni guidance for present students

The programme inspired students to actively participate in academic and co-curricular activities to enhance employability and career readiness.

Finally, Sri. M. Narasimhacharlu, Programme Manager, expressed sincere gratitude to both alumni for sharing their valuable experiences and contributing to the success of the programme.

8. Conclusion

The Alumni Interaction Programme titled “Alumni Success Stories: Inspiring Students through Career Experiences and Communication Skills” was successfully conducted by MITS Community Radio 90.8.

The programme effectively motivated students through the real-life experiences and career journeys of successful alumni. The valuable insights shared by Ms. Akhila and Mr. Srikanth
