

## Report on Seminar: “Scholarships and Study Abroad Success Strategies”

Report on Seminar: “Scholarships and Study Abroad Success Strategies”

Date: 27 February 2026

Organised by: Student Welfare Cell

Venue: Seminar Hall, MITS Deemed to be University

Participants: III & IV B.Tech Study Abroad Aspirants

The Student Welfare Cell of MITS Deemed to be University organized a seminar titled “Scholarships and Study Abroad Success Strategies” for third and final year B.Tech students aspiring to pursue higher education abroad.

The session focused on available scholarship opportunities including government-funded, university-specific, private, and assistantship options. Students were guided on country-specific prospects in the United States, United Kingdom, Canada, Germany, and Australia.

Key strategies discussed included early preparation, standardized tests such as GRE, IELTS, and TOEFL, effective SOP drafting, strong LORs, and timely applications. Financial planning and education loan options were also explained.

The seminar concluded with an interactive Q&A session. The program was informative and beneficial, equipping students with clarity and direction for successful study abroad planning.
