

MADANAPALLE INSTITUTE OF TECHNOLOGY & SCIENCE

(UGC - AUTONOMOUS)

The Department of English & Foreign Languages owns a multi media lab and two Activity rooms, with the purpose of giving students the opportunity to improve their skills. The Multi media Lab equipped with 64 systems, an LCD screen and projector, deals with cloze tests, Error Correction, Reading Comprehension, listening and speaking activities etc. The Activity Rooms equipped with LCD Screen and projector as well as white boards, focus on the third year students, preparing them for Group Discussion, Oral Presentations, Resume writing and Mock Interviews.

The labs are brought into use on a daily basis. The faculty of English, besides dealing with the first year students also train the Second year students for Speaking and Listening as well as for BEC- Business English Certificate from the University of Cambridge, UK.

Young India Films' **CLARITY SNET LANGUAGE LAB** (1 Teacher+ 60 Students) **software** with English content namely **Clarity English Success** was purchased by MITS 2013. Later in 2017, the college purchased the Cambridge software that has a detailed and structured step by step learning, involving the students by using a highly pedagogical, interactive Multi-Media Content, allowing the students to learn at their own pace. It has inbuilt self-assessment/self-evaluation tools to measure the level of learning and progress.

Students are trained on Grammar, Reading, Listening, Writing, Speaking and Pronunciation. Soft skills and Personality Development program has Writing Emails, Resume Writing, Team Work, Group Discussion, Communication Skills, Time Management, Body Language, Public Speaking, Interview Skills, Telephone Etiquette, Attitude, Leadership, Presentation Skills and Interpersonal Skills.

Department of English & foreign Languages

Circular 5 /Eng/16

Date: 2nd July 2016

Dear HODs

Greetings to you,

For the academic year 2016-2017, the department of English & Foreign Languages is offering first year English Course along with lab.

Venues: Multi Media Lab: South Block 202, Circular Block Lab 6

Activity Labs: SB 203, SB 204

The Multimedia lab is equipped with the two softwares 'Cambridge Pronunciation' and 'Clarity SNET'. A number of activities are conducted for practicing Grammar, Vocabulary and Pronunciation in activity labs. Hence you are requested to inform the students to use the labs in a best way.

We request your support and co-operation for the same

B. Rasheedan 

Head

DEPARTMENT OF ENGLISH

Lab Utilization Report

Date: 03 August 2016

In the department of English there are two components utilized to enhance the productivity of the language lab. The first is the Multimedia lab, equipped with computers, headphones, and necessary software for language learning. The second one is the Activity Room where students' presentation skills, language activities, JAM sessions, Group discussions, etc are conducted.

The multimedia lab is utilized to hone the English language skills of the students. The teaching and practice of English phonetics in the multimedia lab resulted in improving the students' pronunciation. The Young India Clarity net software provides the necessary grammar, phonetics, listening and reading activities for the students. The multimedia lab is also used for core areas such as phonetics and listening.

There are four Activity Rooms for the department. In Activity Rooms students' presentation skills, language activities, JAM sessions, Group discussions, etc are conducted. The Activity room is equipped with projector, chairs, mirror, and boards regarding language components such as oral presentation, extempore, group activities, etc.. The activities focus on the English language and its use in everyday situations and contexts.

All the first B.Tech students benefitted from the English laboratory during the academic year and enhanced their capabilities by using the software

Head

Dr. R. Thulasiram Naidu
