A. Suggestions on B. Tech. – IV year I & II semester curriculum (R-20)

1. No Changes suggested in Structure of B. Tech EEE IV year I & II sem.
2. Pre-requisites for the courses need to be cross verified.
3. The Courses with title Electrical Drives and Control and Digital Signal Processing are important towards GATE. These subjects can be made core subjects instead of electives while framing next regulation.
4. Electrical Machines Design course in honors can be made as professional elective while framing next regulation.
5. The Energy Conversion, Transformation – Park & Clark, Machines Modelling can be included in Skill Oriented Course.
6. The Title of SoC can be modified and given specifically towards application.
7. Apart from MATLAB software PSCAD can also be considered as many industries are utilizing the same for power system analysis.
8. No changes suggested in minors and honors structure and detailed syllabus.

IAAB authorizes the chairperson and IDC for making appropriate changes.
