About MITS

Madanapalle Institute of Technology & Science is established in 1998 in the picturesque and pleasant environs of Madanapalle and is ideally located on a sprawling 26.17 acre campus on Madanapalle - Anantapur Highway (NH-205) near Angallu, about 10km away from Madanapalle.

MITS, originated under the auspices of Ratakonda Ranga Reddy Educational Academy under the proactive leadership of Late Sri. N. Krishna Kumar M.S. (U.S.A), the then President and Dr. N. Vijaya Bhaskar Choudary, Ph.D., Secretary & Correspondent of the Academy.

MITS is governed by a progressive management that never rests on laurels and has been striving conscientiously to develop it as one of the best centers of Academic Excellence in India. The Institution's profile is firmly based on strategies and action plans that match changing demands of the nation and the students fraternity. MITS enjoys constant support and patronage of NRI's with distinguished academic traditions and vast experience in Engineering & Technology.

Institute Vision

To become a globally recognized research and academic institution and thereby contribute to technological and socio-economic development of the nation.

Institute Mission

To foster a culture of excellence in research, innovation, entrepreneurship, rational thinking, and civility by providing necessary resources for generation, dissemination and utilization of knowledge and in the process create an ambience for practice-based learning to the youth for success in their careers.

About us

The Department of Computer Science & Technology (CST) was established in the year 2018 and plays a vital role in producing value-based professionals to cater to the everchallenging needs of technical excellence in the emerging areas of CST. The department offers one UG program with an intake of 60 students and the intake was enhanced to 180 seats in the year 2019. Department has adequate infrastructural facilities required for imparting high-quality education and the department is fully structured to meet the contemporary needs of the industry. Imparting high quality education is supported by well qualified and experienced faculty members with rich academic and industry exposure, who have pursued Masters/Ph.D degree from prestigious institutions like NITs, IITs, and Central Universities within India and abroad. Seminars, Workshops, and Technical Symposia are conducted in the department to keep faculty and students updated with latest developments in various technologies.

Department Vision

To bring forth globally competent engineers with societal consciousness, who thrive in academics and research in Computer Science and Technology.

Department Mission

M1: To deliver technical education of the highest quality by improving the curriculum and using effective pedagogical techniques by qualified faculty.

M2: To foster interaction between Industry and academia, to improve students' abilities in research, innovation, and entrepreneurship.

M3: To prepare the students to become professionally competent and intellectually adept by imparting required Skills to mitigate the societal problems.

Program Outcomes (POs)

PO1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2: Problem analysis: Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences

PO3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues, and the consequent responsibilities relevant to the professional engineering practice.

PO7: Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO10: Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Program Educational Objectives (PEOs)

PEO1: Graduates will have successful career by contributing for innovation of new technologies and systems in the key domains of Computer Science & Technology.

PEO2: Graduates will be able to perform technical/ administrative roles in information technology industry / R&D sectors and pursue higher education in reputed institutions.

PEO3: Graduates will be ethically and socially responsible towards the societal development and opting a career as an entrepreneur with moral values in various domains of Computer Science & Technology.

MESSAGE FROM THE HEAD OF THE DEPARTMENT

Prof. Dr. M.Sreedevi HoD,
Dept of CST
MITS

A warm greeting to all!!

It is my pleasure to announce the release of the 2020- 2021 issue of the newsletter by the Department of Computer Science & Technology, MITS. This newsletter provides a platform to discuss the highlights of the events organized and those upcoming in shortly. The current technological revolution has made the world a smaller place. With technology getting integrated into the fabric of every individual's life, the world has become a more connected and digitized place. The Department has successfully organized many webinars/events online under the club-committee umbrella to showcase students' talent and benefit from them. Career counselling sessions are being successfully held for admission aspirants online. Department of Computer Science & Technology can be reached through social media. I wish the best of luck to the students and thank my colleagues to bring laurels to the department.

EVENTS ORGANIZED

(Webinars, Seminars, Guest Lectures, Workshops, FDP's, Awareness Programmes)

A Guest Lecture on "Career Planning" was organized by Department of Computer Science & Technology on 10th June 2022.

A Guest lecture on "Guidelines for Patenting" was organized by Department of Computer Science & Technology on 28th May 2022.

A Webinar on "agile Methodologies" was organized by Department of Computer Science Technology on 21th April 2022.

A One Day Seminar on "Explore Job Opportunities in the Design Field" was organized by Department of Computer Science & Technology on 21st May 2022.

A One Day Workshop on "Awareness on basics of Computer Networking" was organized by Department of Computer Science & Technology on 11th May 2022.

A Webinar on "Basics of Computer and Network Security" was organized by Department of Computer Science & Technology on 5th May 2022.

A Webinar on "Guidelines for writing a Research Paper" was organized by Department of Computer Science & Technology on 26th April 2022.

A One Day Hands on Workshop on "IONIC FRAMEWORK" was organized by Department of Computer Science & Technology on 5th April 2022.

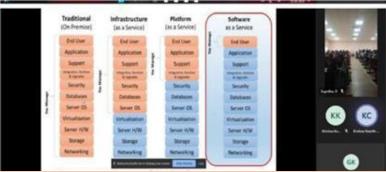

One Day Guest Lecture on "Data Science" was organized by Department of Computer Science & Technology on 26th March 2022.

A One Day Guest Lecture on "Overview of Data warehousing Implementation" was organized by Department of Computer Science & Technology on 15th February 2022.

ACM sponsored International Colloquium - Distinguished Speaker Programme on "Perspectives on Big Data, Machine Learning and AI" was organized by Department of Computer Science Technology on 5th February 2022.

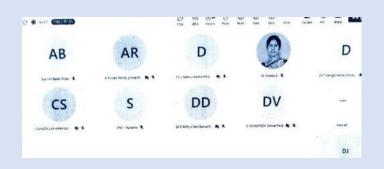

A Guest Lecture on "ANDROID & SMART DEVICES" was organized by Department of Computer Science Technology on 28th January 2022.

A Guest Lecture on "Overview of Dataware Housing Implementation" was organized by Department of Computer Science Technology on 10th January 2022.

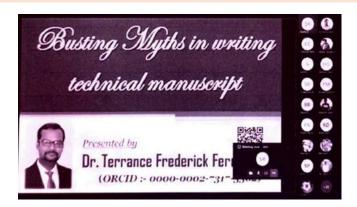

A One Day Workshop on "Operating Systems and its Fundamentals" was organized by Department of Computer Science Technology on 20th December 2021.

A Virtual Guest Lecture in "Busting Myths in writing a Technical Manuseript" was organized by Department of Computer Science Technology on 14th December 2021.

A Webinar on "SCRUM FRAMEWORK" was organized by Department of Computer Science Technology on 13th November 2021.

A Webinar on "Latest Al Advancements in Medical Domain" was organized by Department of Computer Science Technology on 15th November 2021.

A Webinar on "Outcome Based Education" was organized by Department of Computer Science Technology on 14th October 2021.

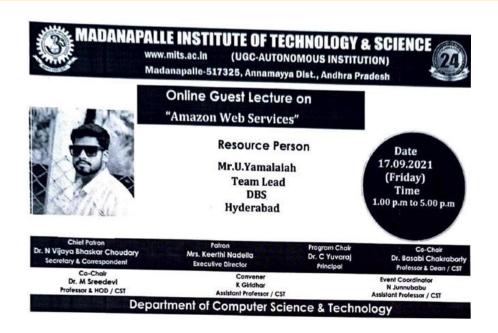

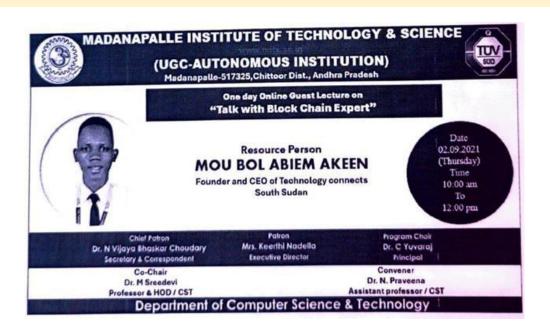

A Science Academies' Virtual Lecture Workshop on "Scientific Computations" was organized by Department of Computer Science & Technology on 8th & 9th October 2021.

A One Day Online Guest Lecture on "Amazon Web Services" was organized by Department of Computer Science & Technology on 17th September 2021.

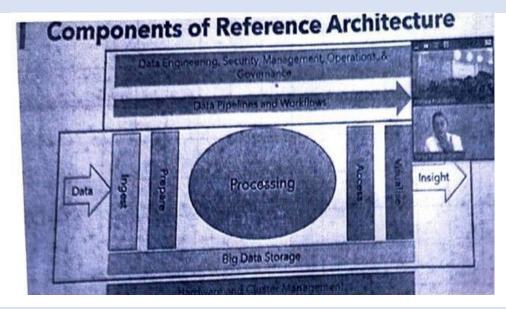

A One Day Online Guest Lecture on "Talk with Block Chain Expert" was organized by Department of Computer Science & Technology on 2nd September 2021.

A Five Days Online FDP on "Integration of Advanced Technologies to Industry 4.0" was organized by Department of Computer Science & Technology on 09th to 13th August 2021.

A Webinar on "Cloud computing and Security" was organized by Department of Computer Science & Technology on 20th July 2021.

A Webinar on "Changing Talent Landscape in the IT Industry" was organized by Department of Computer Science & Technology on 17th July 2021.

ACM Sponsored International Colloquium - Distinguised speaker Programme on "Mobile Persuasion for Health and Safety Promotion" was organized by Department of Computer Science & Technology on 09th June 2021.

FDP/STTP/PDP Attended						
S.NO	Name of the Faculty	Name of the Event	Event Type	No. of Days	Organized BY	
1	D.Abdul Jaleel	"Problem solving through programming in C	Online Certification	12 Weeks	NPTEL-AICTE-FDP
