Soft Skills

MITS is committed towards the overall personality development of the students. The Training Cell excel at Soft Skills training. The Soft-skills Trainers with expertise are hired to provide the best in-class training delivery based on the principles of accelerated learning emphasizing on application of learning to the students.

Soft skills, often called people skills or emotional intelligence, are defined as the ability to interact amicably with others. Soft skills are personal attributes that can affect relationships, communication, and interaction with others.

By developing strong leadership, teamwork, and communication abilities, students can smoothly, deliver results that will enable them to get placed in reputed companies, and even positively influence their personal life by improving their interaction with others.

We have a large repertoire of Soft Skill programs that are initiated and designed to develop participants' personality and enhance their communication, presentation and interpersonal skills. Subsequently, all our programs at MITS are well researched, rich in content, highly interactive and matched with best in- class training delivery Special focus is given to hone verbal and analytical skills of the students.

The Training and Placement Cell is sensitized to function all through the year towards generating placement and training opportunities for the students. Training activities in Soft skills are organized throughout the year in an effort towards preparing the prospective students for the numerous Campus Drives.
