**ENGLISH FOR COMMUNICATION****Time: 3Hrs****Max Marks: 60**

Attempt all the questions. All parts of the question must be answered in one place only.

In Q.no 1 to 5 answer either Part-A or B only

**Q.1(A) Fill in the blanks with appropriate answer from the given options. 12M**

- 1) Our country is spiritual country, theirs . . . . . religious.  
A. is B. are C. also D. have
- 2) I . . . . . you yesterday.  
A. was met B. did met C. meted D. met
- 3) Look at all those black clouds! It.....today.  
A. is going to rain B. is raining C. will be rain D. rains
- 4) Please, stop . . . . . so many mistakes.  
A. to make B. make C. making D. makes
- 5) The English . . . . . English.  
A. speak B. spoke C. spoken D. is spoken
- 6) All the winners . . . . . prizes tomorrow.  
A. will be given B. will be given C. will be giving D. will have given
- 7) Don't disturb the principal. He . . . . . in his chamber.  
A. sleeping B. is sleeping C. sleeps D. slept
- 8) There . . . . . many children on the playground yesterday.  
A. are B. were C. did D. playing
- 9) Early to bed and early to rise . . . . . a man healthy, wealthy.  
A. make B. makes C. shall make D. made
- 10) Have you ever . . . . . Taj Mahal?  
A. see B. saw C. seen D. have seen
- 11) My husband with his colleagues . . . . . golf now.  
A. are play B. are being play C. is playing D. are playing
- 12) We saw him . . . . . a tree yesterday.  
A. cutting B. cut C. to cut D. was cutting

**OR****Q.1(B) Following sentences have some errors in them. Correct the following sentences and rewrite them. 12M**

1. I went to the India in 1967.
2. I used to having a horse.
3. I live here since 1997.
4. He knows her for ten years.
5. I went to work with the bus.
6. At this time tomorrow, I'll be fly to Tokyo.
7. My parents consider me as there favorite child.
8. My house is built in 2017.
9. My birthday is on January.

10. Can you borrow me a book please.
11. She drinks much coffee every day.
12. He doesn't have nothing to do.

---

Q.2(A) Read the following passages and answer the given questions.

12M

**Passage-1**

The Indian Premier League (IPL) is a professional Twenty20 cricket league in India contested during April and May of every year by 8 teams representing 8 cities of India. The league was founded by the Board of Control for Cricket in India (BCCI) in 2008, and is regarded as the brainchild of Lalit Modi, the founder and former commissioner of the league. IPL has an exclusive window in ICC Future Tours Programme.

The IPL is the most-attended cricket league in the world and in 2014 ranked sixth by average attendance among all sports leagues. In 2010, the IPL became the first sporting event in the world to be broadcast live on YouTube. The brand value of IPL in 2018 was US\$6.3 billion, according to Duff & Phelps. According to BCCI, the 2015 IPL season contributed ₹11.5 billion (US\$182 million) to the GDP of the Indian economy. There have been eleven seasons of the IPL tournament. The current IPL title holders are the Chennai Super Kings, who won the 2018 season.

**Questions**

**Q1.** Indian Premier League is considered whose brainchild?

- a) Lalit Modi b) Nirav Modi c) Vineet Jain d) Mukesh Ambani

**Q2.** How many seasons have been played of IPL till 2018?

- a) 10 b) 12 c) 11 d) 9

**Q3.** What is the antonym of the word "professional" w.r.t its usage in the passage?

- a) Competent b) Amateur c) Master d) Polished

**Q4.** In which year IPL became the first sporting event to be broadcast live on an online platform?

- a) 2011 b) 2010 c) 2008 d) 2012

**Q5.** According to Duff & Phelps, the brand value of IPL in 2018 was

- a) ₹11.5 billion b) US \$182 million c) ₹ 6.3 billion d) US \$6.3 billion

**Passage-2**

In the sixteenth century, an age of great marine and terrestrial exploration, Ferdinand Magellan led the first expedition to sail around the world. As a young Portuguese noble, he served the king of Portugal, but he became involved in the quagmire of political intrigue at court and lost the king's favor. After he was dismissed from service to the king of Portugal, he offered to serve the future Emperor Charles V of Spain.

A papal decree of 1493 had assigned all land in the New World west of 50 degrees W longitude to Spain and all the land east of that line to Portugal. Magellan offered to prove that the East Indies fell under Spanish authority. On September 20, 1519, Magellan set sail from Spain with five ships. More than a year later, one of these ships was exploring the topography of South America in search of a water route across the continent. This ship sank, but the remaining four ships searched along the southern peninsula of South America. Finally they found the passage they sought near a latitude of 50 degrees S. Magellan named this passage the Strait of All Saints, but today we know it as the Strait of Magellan.

One ship deserted while in this passage and returned to Spain, so fewer sailors were privileged to gaze at that first panorama of the Pacific Ocean. Those who remained crossed the meridian we now call the International Date Line in the early spring of

1521 after ninety-eight days on the Pacific Ocean. During those long days at sea, many of Magellan's men died of starvation and disease.

Later Magellan became involved in an insular conflict in the Philippines and was killed in a tribal battle. Only one ship and seventeen sailors under the command of the Basque navigator Elcano survived to complete the westward journey to Spain and thus prove once and for all that the world is round, with no precipice at the edge.

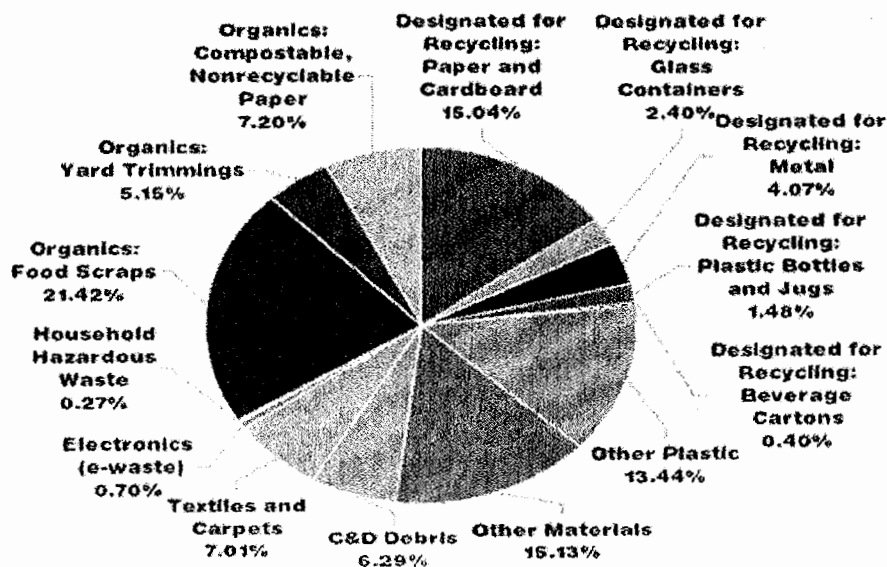

Fill in the blanks with appropriate answer from the given options.

- The sixteenth century was an age of great \_\_\_ exploration.  
A. cosmic B. land C. mental D. common man E. none of the above
- Magellan lost the favor of the king of Portugal when he became involved in a political \_\_\_\_.  
A. entanglement B. discussion C. negotiation D. problems E. none of the above
- The Pope divided New World lands between Spain and Portugal according to their location on one side or the other of an imaginary geographical line 50 degrees west of Greenwich that extends in a \_\_\_ direction.  
A. north and south B. crosswise C. easterly D. south east E. north and west
- One of Magellan's ships explored the \_\_\_ of South America for a passage across the continent.  
A. coastline B. mountain range C. physical features D. islands E. none of the above
- Four of the ships sought a passage along a southern \_\_\_\_.  
A. coast B. inland C. body of land with water on three sides D. border E. answer not available
- The passage was found near 50 degrees S of \_\_\_\_.  
A. Greenwich B. The equator C. Spain D. Portugal E. Madrid
- In the spring of 1521, the ships crossed the \_\_\_ now called the International Date Line.  
A. imaginary circle passing through the poles B. Imaginary line parallel to the equator C. area D. land mass E. answer not found in article

OR

Q.2(B) What is the importance of listening? Discuss on the types and advantage of listening. 12M

Q.3(A) 12M

Summarize the above pie chart on recycling process of various materials. Write relevant information by comparing the percentage of recycling materials. Write at least 200 words.

OR

Q.3(B) How effective communication helps a professional? Mention the advantages of effective communication in work place. 12M

Q.4(A) Write a cover letter. Select a position for which you are qualified based on your work experience and skills. Highlight these skills and experiences and save the cover letter so you can refer to it. 12M

OR

Q.4(B) Mention the advantages of visual communication with appropriate examples. 12M

Q.5(A) Good reports often contain a five-stage structure- discuss in detail. 12M

OR

Q.5(B) As the secretary of a youth club, prepare a report on the literacy drive undertaken by your club. The report will be submitted to the secretary, Dept of Mass Education, Andhra Pradesh. 12M

(UGC-AUTONOMOUS)

MCA I Year I Semester (R18) Regular & Supplementary End Semester Examinations – Jan' 2020  
(Regulations: R18)

**DISCRETE MATHEMATICS**

Time: 3Hrs

Max Marks: 60

Attempt all the questions. All parts of the question must be answered in one place only.  
In Q.no 1 to 5 answer either Part-A or B only

Q.1(A) (i) Let  $f, g, h$  are functions of real numbers, show that  $(hog)of = ho(gof)$  where  $h(x) = x^2, g(x) = 3x + 7, f(x) = 2 + x$ . 6M

(ii) Define surjective, bijective functions with examples. 6M  
**OR**

Q.1(B) (i) Draw the Hasse diagram representing the partial ordering  $\{(a, b) / a \text{ divides } b\}$  on  $\{1, 2, 3, 4, 6, 8, 12\}$ . 6M

(ii) Determine whether the POSETs represented by each of the Hasse diagrams given below are lattices or not. 6M

a)

b)

c)

Q.2(A) (i) Explain about statement connectives in mathematical logic with an example. 6M

(ii) Define logical equivalent. Show that  $\neg(p \vee (\neg p \wedge q))$  and  $\neg p \wedge \neg q$  are logically equivalent by developing a series of logical equivalences. 6M

**OR**

Q.2(B) (i) Show that the premises "It is not sunny this afternoon and it is colder than yesterday," "We will go swimming only if it is sunny," "If we do not go swimming, then we will take a canoe trip," and "If we take a canoe trip, then we will be home by sunset" lead to the conclusion "We will be home by sunset." 6M

(ii) Prove that  $\sqrt{2}$  is irrational by giving a proof by contradiction. 6M

Q.3(A) (i) Determine whether the following graphs are isomorphic.

8M

(ii) Draw the digraph G corresponding to the adjacency matrix A.

$$A = \begin{bmatrix} 0 & 0 & 1 & 1 \\ 0 & 0 & 1 & 0 \\ 1 & 1 & 0 & 1 \\ 1 & 1 & 1 & 0 \end{bmatrix}$$

4M

OR

Q.3(B) (i) Apply the process of DFS or BFS to obtain a spanning tree for the given graph.

8M

4M

(ii) Find the chromatic number of the following graph.

Q.4(A) (i) Explain Pigeonhole principle with suitable examples.

6M

(ii) Prove that  $(\mathbb{Q}^+, *)$  where  $*$  is a binary operation defined by  $a * b = ab/5$  is group.

6M

OR

Q.4(B) (i) Use generating functions to find an explicit formula for the Fibonacci numbers.

6M

(ii) Solve the recurrence relation  $a_n - 6a_{n-1} + 9a_{n-2} = 0$ ,  $a_0 = 5, a_1 = 12$ .

6M

Q.5(A) (i) Find the prime factorization of (a) 641 (b) 999

6M

(ii) Find the binary expansion of (a)  $(321)_{10}$  (b)  $(1023)_{10}$

6M

OR

Q.5(B) (i) Give the state tables for the finite-state machines with the following state diagram.

6M

6M

(ii) Construct the state diagram for the finite state machine with the following state table

| State                 | <i>f</i>              |                       | <i>g</i>     |   |
|-----------------------|-----------------------|-----------------------|--------------|---|
|                       | <i>Input</i>          |                       | <i>Input</i> |   |
|                       | 0                     | 1                     | 0            | 1 |

Q.5(A) i) M/s Shravani & Co. present the following. You are required to calculate

12M

- Return on Capital Employed
- Current Ratio
- Quick Ratio
- Fixed Assets to Networth Ratio
- Debt-Equity Ratio.

Balance sheet as on 31<sup>st</sup> December 2018

| Liabilities                 | (Rs)     | Assets               | Rs       |
|-----------------------------|----------|----------------------|----------|
| Equity share Capital        | 50,000   | Fixed Assets         | 87,500   |
| 8% Preference share Capital | 10,000   | Investments          | 25,000   |
| Reserves                    | 40,000   | Stock                | 30,000   |
| 6% Debentures               | 20,000   | Debtors              | 13,500   |
| Creditors                   | 30,000   | Bank                 | 7,000    |
| Profit & Loss A/c           | 21,000   | Preliminary Expenses | 8,000    |
|                             |          |                      |          |
|                             |          |                      |          |
|                             |          |                      |          |
|                             | 1,71,000 |                      | 1,71,000 |

OR

Q.5(B) From the following information calculate:

12M

- P/V Ratio
- Break Even Point
- Margin of Safety
- If selling price is reduced to Rs 90, by how much is the margin of safety is reduced?

Total sales Rs 3,60,000

Selling price per unit Rs 100

Variable cost per unit Rs 50

Fixed cost Rs 1,00,000.
