Members provided valuable suggestions and their recommendations are mentioned below:

Dr. Kutumba Rao emphasized to collect feedback from faculty members who visited Premier Institutions such as IISc, IIT's, IIIT's and NIT's. The faculty members should be advised to document the outcomes of their visits and submit the same to Research and Development Cell. This would be helpful to identify avenues for collaborative research, knowledge exchange, and joint initiatives with these Premier Institutions

Dr. Sridhar suggested that candidates doing Project Work in Industry should be evaluated by Industry Mentors. This evaluation of students' Project-work and Internship performance with the involvement of industry mentors helps us to assess practical skills, technical knowledge, and industry readiness.

Dr. Satyanarayana, recommended the R&D Cell to organize orientation programmes on Retraction of Research Articles to create awareness among faculty members and researchers about publication ethics, reasons for article retraction, research misconduct, and its impact on researchers and institutions.

Dr. Shoba Bindu suggested that the details of student internships may be organized by categorizing them into Offline and Online Internships. She further recommended presenting the internship data under specific categories such as Industry Internship (Paid), Industry Internship (Unpaid), Industry Internship (Stipend Based), Research Internship, International Internship, AICTE Portal Internship, APSCH Portal Internship, and other relevant classifications to ensure systematic documentation and reporting.

Dr. Seshan recommended initiating Dance and Music Clubs under the Student Activity Center (SAC) to promote cultural engagement and enhance students' extracurricular participation. The members also suggested presenting the data on Industry Internships that resulted in Placement Opportunities for better analysis and documentation.
