NBA Accredited - B.Tech. (CIVIL, CSE, ECE, EEE, MECH,CST), MBA & MCA

(AY 2023-24)

2.7 Student Satisfaction Survey

2.7.1 Online Student Satisfaction Survey regarding to Teaching Learning process

The Student Feedback system is conducted annually to gauge students' perceptions regarding Teaching, Learning, and Evaluation, aiming to enhance the quality of processes implemented within our institution.

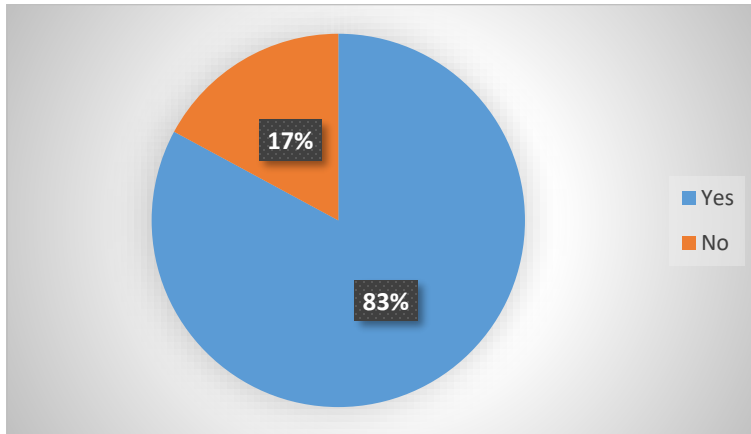

The questionnaire encompasses a wide array of skills involved in the teaching process, ranging from the teacher's instructional abilities and specialized knowledge to the effectiveness of communication, preparedness, doubt-clearing skills, and utilization of ICT tools. Additionally, it evaluates the overall approach to the educational process, including provocation, interpersonal connections, feedback mechanisms, and adaptability in modifying teaching methodologies to support students with weaker academic performance.

The study is overseen by the Internal Quality Assurance Cell (IQAC), with the assistance of department heads.

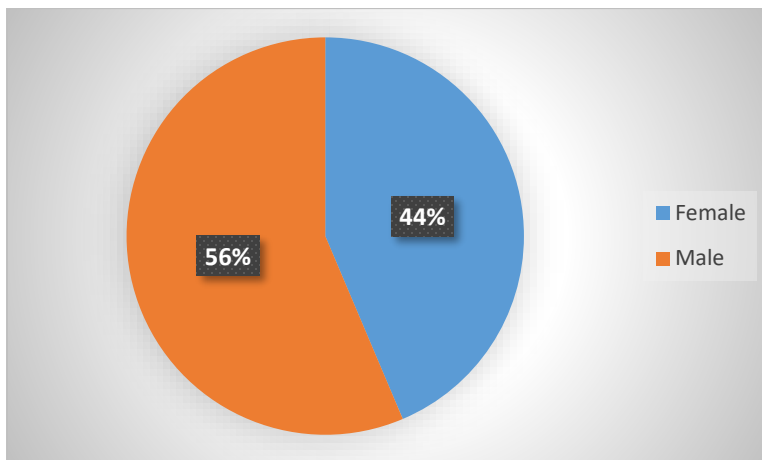

The QUIA form containing surveys recommended by NAAC on various properties of the teaching learning process was created and sent through mentors to all the students within their respective departments.

The responses collected across these dimensions are tabulated into a spreadsheet, analyzed, and used to draw logical conclusions. The Student Satisfaction Score (SSS) for the academic year 2023-24 stands at 3 on a scale of 5.

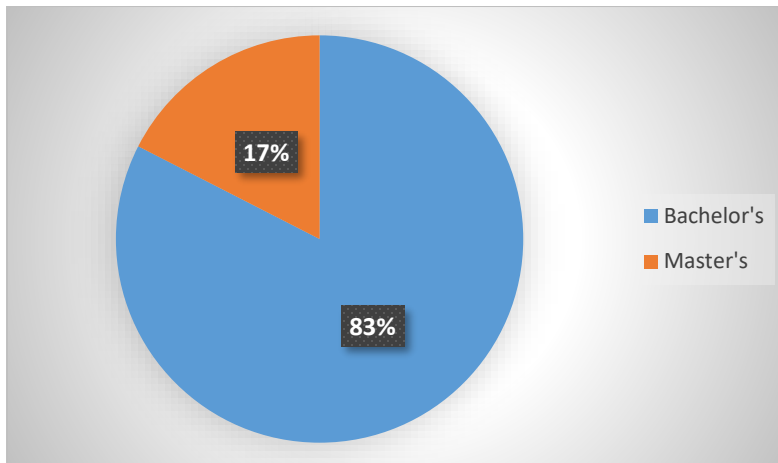

1. Please confirm this is the first and only time you answer this survey.

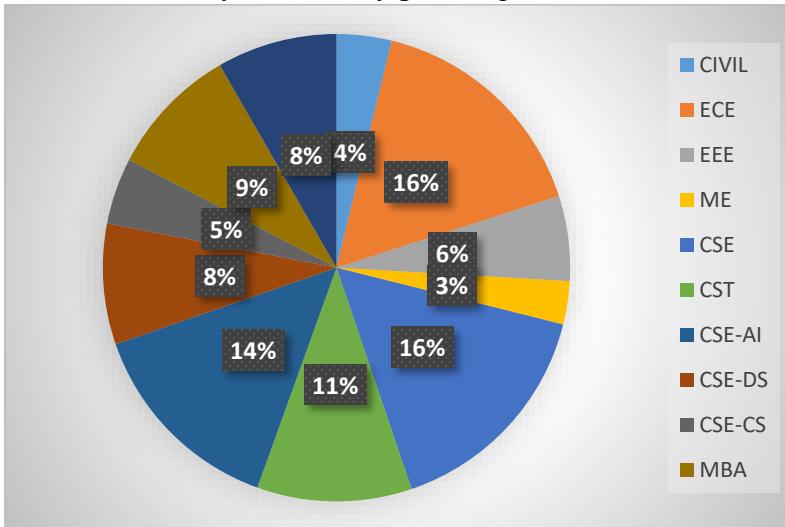

2. Gender:

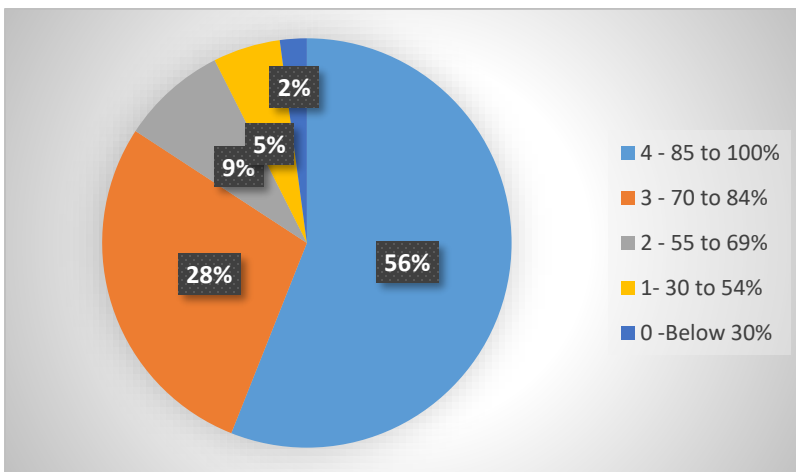

3. What degree program are you pursuing now?

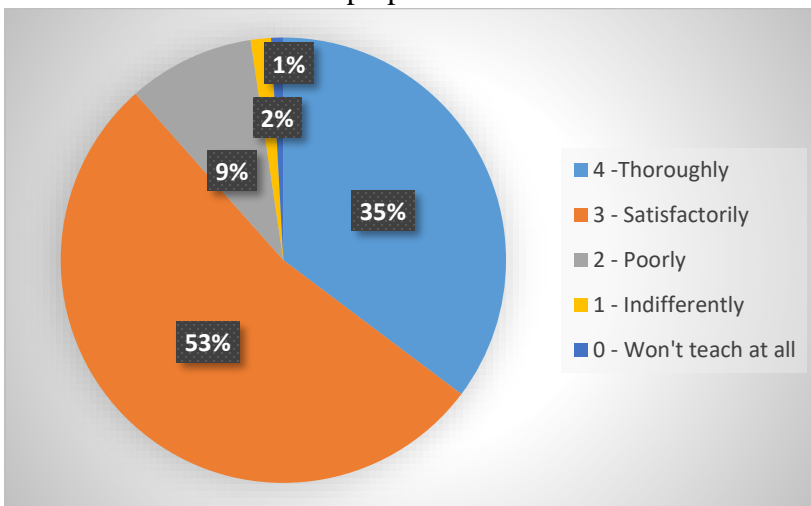

4. What course are you currently pursuing?

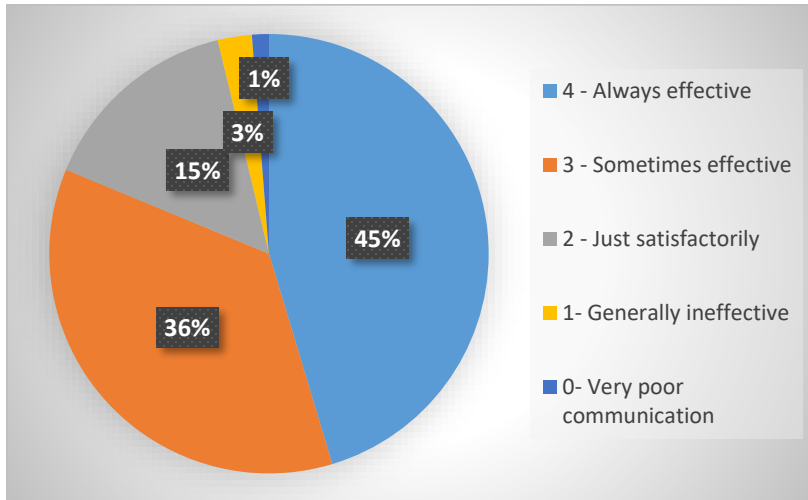

5. How much of the syllabus was covered in the class?

25. Give three observations / suggestions to improve the overall teaching - learning experience in our institution. A) B) C)

A) Excellent teaching

Good explanation, no need to change anything

I'm satisfied with the institution and the teaching faculty

Teaching was very good and I learnt somethings

All faculty members good teaching. So I can understand the concept

it's very good teaching and learning. I learn easily

Right Now all the Teachers are doing their job well. and also provided the information up-to-date.

Cooperative learning, Friendly Interaction Good interaction with students

B) Teachers are explaining project-based learning, and hands-on activities

coding language should include in academics in every department not only cse

Teacher's encourage us to participate in extracurricular activities

Student-Centered Learning Approach

Teaching is good, Need more practical application

Everything is good, there is no such thing that need to be suggested

satisfied with the teaching but should concentrate more on practical knowledge and overall teaching skills are effective

Very good teaching skills, I am so happy to learn in this institute

Excellent teaching Learning

C) To motivate students in doing research and projects

Integrate Technology

Teaching is very well. Encourage the all cultural activities.

Always supportive and helpful

Over all teaching is very well. I have a very learning experience in this college

The facilities and infrastructure is well maintained.

Explaining the concepts more effectively

It's very good teaching in our institution
