**Dignitaries Present:** Dr. K.V.R Ravi Shankar, Associate Professor, Department of Civil Engineering, National Institute of Technology Warangal (NITW).

Dr. R. Thulasiram Naidu, Professor, Department of Humanities and Advisor Dean R&D, Madanapalle Institute of Technology & Science, Madanapalle.

Dr. Dipankar Roy, Professor & Head, ASCE Faculty Advisor, Department of Civil Engineering, Madanapalle Institute of Technology & Science, Madanapalle.

Dr. Priyam Nath Bhowmik, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science, Madanapalle

**Resource Person:**

**Dr. K. V. R. Ravi Shankar** is a distinguished professor in the department of Civil Engineering at NIT Warangal, Telangana, India. He received his **Ph.D.** from **IIT Bombay**. His research interests focus on mixed traffic flow modelling and simulation model development, non-lane based behavioral analysis, capacity analysis of highways innovative road safety strategies, pedestrian behavioral analysis and modelling. His research and teaching have harvested recognition and made a significant impact in academia. He is a recipient of fast-track research grant from department of science and technology India.

**SKILLS AND EXPERTISE**

- Traffic engineering.
- Road safety.
- Traffic safety.
- Transport modeling.
- Transport engineering.
- Accident analysis.
- Highway engineering.
- Safety & simulation.
- Safety management.

**AWARDS & ACCOLADES**

- Certified UAV (Drone) pilot.
- Travel award winner for ITS world congress.
- Young researcher (Engineering) award

**Objective of the Program:** Road safety is not just a responsibility—it is a fundamental necessity that impacts each one of us, our families, friends, and communities. Every day, lives are tragically cut short or irreversibly altered by accidents that, in many cases, could have been prevented with more awareness, better practices, and a deeper understanding of safe driving habits. The main motto of the lecture session was to bring in the awareness of Road safety among the road users. The motive was to shine a light on the importance of road safety, to educate, to engage, and to inspire action, discuss practical tips, share compelling stories, and learn from experts in the field. By the end of this program, we hope each of you will leave with a renewed sense of responsibility and a toolkit of knowledge to help make our roads safer. The intention behind the program was to make road users committed to being part of the solution, to saving lives, and to making our roads a safer place for all. The main target of the session were the Engineering undergraduates from MITS. The session was very helpful for the engineering students as they are the future lads to steer the country and as such the students can pass on and educate the people regarding the use of roads and embark on this journey towards safer roads together.

**Event details:**

The Builders Club under the Department of Civil Engineering have organized an Awareness Program on “Road Safety: Role of Road User” on 27<sup>th</sup> July 2024 from 04:00 pm to 05:00 pm in the Auditorium of Madanapalle Institute of Technology and Science (MITS). The event began with the opening speech by Dr. Priyam Nath Bhowmik (FIC- Builders’ Club). Later, Dr. Dipankar Roy (HOD, Civil Engineering & ASCE Faculty Advisor) addressed the gathering followed by the speech of Dr. Thulasiram Naidu. The session started at 04:00 pm with a prior briefing about the resource person of the day by A. Vyshnavi (Member, Builders Club). The session was very good and the Auditorium was occupied to its almost to its fullest. The total count of the participants was 138 from the entire College (MITS). The Awareness Program was supported by the respected management of MITS, Madanapalle. The session maintained the expected quality from the resource person, and was open to discuss queries of the participants. The session was extended for 5 mins and ended at 05: 05 pm. The session was concluded and followed by vote of thanks given by Dr. Priyam Nath Bhowmik, Assistant Professor, Department of Civil Engineering. We are extremely thankful to MITS institution and management, Principal MITS for their continuous support to make this event a sparkling successful one.

**Topics Discussed:**

- Different safety measures to be adopted while using the road.
- New technologies which can be used in the vehicles to reduce accident.
- Why and how to use helmets properly.
- Signal Jumping: Why and how it kills.
- Accidents: Types, root causes, how to avoid.

**Target Audience:**

B. Tech undergraduates from the host institute (MITS)

**Take-away from the session:**

- The Engineering undergraduates learned about the true role of Road user.
- The young minds were equipped with the sense of safety adoptable measures while using the road.
- How to work for achieving safer roads.

## Captured Moments:

Speaker addressing the gathering

Occupancy of the participants just before the session beginning

Felicitations of the Guest Speaker

**SUBMITTED BY:** Dr. Nakkeeran G, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology and Science.

**ORGANISED BY:** ASCE MITS Student Chapter, Department of Civil Engineering & Builder’s Club.

## **DIGNITARIES PRESENT:**

Dr. Nakkeeran G, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science.

Dr. Priyam Nath Bhowmik, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science.

Dr. Dipankar Roy, Professor & Head, Department of Civil Engineering, Madanapalle Institute of Technology & Science.

## **RESOURCE PERSON:**

Vinoth E is a distinguished professional in aerospace engineering and immersive technology, with a strong commitment to innovation and a unique passion for wildlife conservation. As a globally ranked Unreal Authorized Instructor (396th), Vinoth has established himself as a leading expert in Unreal Engine, renowned for his ability to blend technical prowess with creative solutions. Vinoth E is not just an expert in aerospace and immersive technology; he is a visionary innovator. His multidisciplinary approach and commitment to pushing the boundaries of technology have resulted in significant contributions across various fields, including aerospace engineering, AI, VR, and environmental conservation. Vinoth's work continues to shape the future of these industries, driving progress and inspiring the next generation of professionals.

## **OBJECTIVE OF THE COURSE:**

The objective of the course is about the [Transforming Civil, Interior and Architectural Design with Unreal Engine, AR & VR](#). The session was about the topic of Unreal Engine, AR (Augmented Reality), VR (Virtual Reality). Unreal Engine helps you realise your creative vision without starting from scratch. AR uses smartphones to overlay virtual 3D images over the physical world, making it more accessible than VR. Unreal Engine is a powerful game engine designed for creating high-performance, visually impressive VR and AR experiences. VR requires headsets and computer hardware to create a fully virtual experience, making it less accessible than AR. AR creates only a partial digital world. They

are allowing creators to build immersive experiences where users can interact with digital content overlaid on the real world (AR) or completely immersed in a simulated environment (VR), utilizing the engine's powerful graphics capabilities to create highly realistic visuals.

**POs Targeted: 5, 12**

**PSOs Targeted: 3**

**SDG: 4 Quality Education**

**PROGRAM DETAILS:**

The Department of Civil Engineering, MITS in collaboration with ASCE student chapter and Builder's Club have organized a professional talk on the Transforming Civil, Interior and Architectural Design with Unreal Engine, AR & VR on 10 February 2025 from 2.00PM to 4.00 PM. The online event was started with the welcome speech by Dr Nakkeeran G followed by Dr Dipankar Roy and followed by the session of resource person. There was good response with nearly 70 students participated from Department of Civil Engineering, MITS, Madanapalle. This Professional talk focused on the Transforming Civil, Interior and Architectural Design with Unreal Engine, AR & VR. The ASCE Student Chapter President play pivotal roles in leading and managing the chapter's activities, each bringing unique strengths to inspire others. During the professional talk. The lecture session was supported by the respected management of MITS, Madanapalle, ASCE MITS Student Chapter. The session maintained the expected quality from the resource persons, and were open to discuss and reply to the queries of the participants. At 4.00PM, the session was concluded and followed by vote of thanks given by Dr. Nakkeeran G Assistant Professor, Department of Civil Engineering.

We thank ASCE MITS Student chapter and Builder's club for their continuous support to make this event a success.

**PHOTOS:**

## OUTCOME OF THE EVENT:

The outcome of the event is to explore on the topic of Transforming Civil, Interior and Architectural Design with Unreal Engine, AR & VR. The event aims to enhance the skills through the Transforming Civil, Interior and Architectural Design with Unreal Engine, AR & VR. The student presented for professional talk are more interactive with the resource person. We hope that all the participants were aware about the Unreal Engine, AR & VR and its applications.

**Dignitaries Present:** Ms. Swetha, Associate Professor, at Venkata Padmavathi College of Physiotherapy, Tirupati, Andhra Pradesh.

Dr. P. Ramanathan, Professor, Department of Electronics & Communication Engineering, Madanapalle Institute of Technology & Science, Madanapalle.

Dr. Dipankar Roy, Professor & Head, Department of Civil Engineering, Madanapalle Institute of Technology & Science, Madanapalle.

Dr. Priyam Nath Bhowmik, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology & Science, Madanapalle

Mr. Pujari Rajesh, Assistant Professor, Department of Mechanical Engineering, Madanapalle Institute of Technology & Science, Madanapalle

### **Resource Person:**

Ms. Swetha is currently working as Associate Professor at Venkata Padmavathi College of Physiotherapy, Tirupati, Andhra Pradesh. She is a member of IAPWC (Indian Association of Physiotherapy Women Cell) since the year 2020. She is also the district coordinator for YSR Kadapa District, and organized many online and offline Awareness and Training programs, conducted free camps. Attend for many national and international conferences of physiotherapy.

### **Achievements**

- \* Awarded as YOUNG ACHIEVER award on 2021
- \* Awarded as DYNAMIC PHYSIO award on 2023.

**Objective of the Program:** World Organ Donation Day, observed every year on August 13<sup>th</sup>, stands as a beacon of hope and a testament to the incredible power of human generosity. It's a day dedicated to celebrating life, honoring selfless donors, and igniting a global conversation about the profound impact of organ donation. At its core, World Organ Donation Day seeks to shine a spotlight on the critical need for organ transplants worldwide. It aims to cut through the noise of mis-information and address common myths and misconceptions that often surround organ donation. By providing clear, factual information, the day empowers individuals to make informed decisions about this life-altering act. Beyond awareness, the day serves as a powerful call to action. It encourages individuals to not only consider organ donation but to take the crucial step of registering as organ donors. By simplifying the registration process and providing accessible resources, World Organ Donation Day aims to bridge the gap between the need for organs and the willingness to donate. In essence, World Organ Donation Day is a celebration of life, a tribute to generosity, and a powerful reminder that even in death, we have the extraordinary capacity to give the most precious gift of all – the gift of life. The broad objective of the program was to make our students aware about the true meaning of Organ Donation and let them come forward for the noble act.

**Event details:**

The Builders Club under the ASCE MITS Student Chapter, Department of Civil Engineering in collaboration with MITS NSS Unit have organized an Awareness Program on “World Organ Donation Day” on 13<sup>th</sup> August 2024 from 09:45 am to 12:45 pm in the Seminar Hall of KK Block of Madanapalle Institute of Technology and Science (MITS). The event began with the opening speech by Dr. Priyam Nath Bhowmik (FIC- Builders’ Club). Later, Dr. Dipankar Roy (HOD, Civil Engineering & ASCE Faculty Advisor) addressed the gathering followed by the speech of Dr. P. Ramanathan (VP Academics) and Mr. P. Rajesh (NSS Co-Ordinator of MITS) and ended with a short speech by Ms. Swetha before she took over the session. The session started at 09:45 am with a prior briefing about the resource person of the day by Saif Ali (Member, Builders Club). The session was very good and the Seminar Hall was occupied to its almost to its fullest. The total count of the participants was 130 from the entire College (MITS). The Awareness Program was supported by the respected management of MITS, Madanapalle. The session maintained the expected quality from the resource person, and was open to discuss queries of the participants. The session was extended for 5 mins and ended at 09: 50 am. The session was concluded and followed by vote of thanks given by Dr. Priyam Nath Bhowmik, Assistant Professor, Department of Civil Engineering. We are extremely thankful to MITS institution and management, Principal MITS for their continuous support to make this event a sparkling successful one.

**Topics Discussed:**

- What is the true meaning of Organ donation?
- Who are eligible for organ donation?
- Finding true happiness and putting smile by donating organs.
- Some mighty myths about organ donation.
- The motto of organ donation day.

**Target Audience:**

B. Tech undergraduates from the host institute (MITS)

**Take-away from the session:**

- The Engineering undergraduates learned about the true meaning of organ donation.
- The young minds were rooted with the value of organ donation.
- The students could clarify the myths about organ donation

**Captured Moments:**

Lightening of lamp

The beginning of the session

During the session

Felicitation of the Day's Guest

Chief-Patron Dr. N. Vijaya Bhaskar Choudary Secretary & Correspondent	Patron Mrs. N. Keerthi Executive Director	Co-Patron Dr. C. Yuvaraj Principal
Chief Co-ordinator Dr. Dipankar Roy HOD of Civil & ASCE Faculty Advisor	Faculty Coordinator Dr. Sonu Kumar Gupta Asst. Professor, Civil	Student Coordinator S. Farha Taj M.ASCE, Builders' Club Coordinator

**SUBMITTED BY:** *Dr. Sonu Kumar Gupta, Assistant Professor, Department of Civil Engineering, Madanapalle Institute of Technology and Science.*

### **Dignitaries Present:**

**Mr. Clody Dias**, Resource Person, Manager, Sobha Ltd, Bengaluru

**Dr. Dipankar Roy, Professor & Head** and Faculty Advisor of ASCE MITS Student Chapter  
Department of Civil Engineering, Madanapalle Institute of Technology and Science.

**Dr. Priyam Nath Bhowmik, Assistant Professor**, Faculty In-charge of Builders Club,  
Department of Civil Engineering, Madanapalle Institute of Technology and science.

**Dr. Sonu Kumar Gupta, Assistant Professor**, Faculty Coordinator of the Program  
Department of Civil Engineering, Madanapalle Institute of Technology and Science.

### **Resource person details**

Mr. Dias has expertise in “Execution and Quality Control in High Rise Building” that may ensure projects completion safely, on schedule, and within budget while meeting essential standards. His expertise mainly focused on quality control, innovative methods, and efficiency-enhancing with best practices that are indispensable in construction.

---

### **EXPERIENCE**

15+ Years of overall experience in construction industry

**MANAGER:** 03/2020 – Current

*SOBHA Ltd - Bengaluru*

- Implemented quality control measures to uphold company standards.
- Resolved conflicts between employees by providing guidance on company policies and procedures.
- Organized special events such as conferences or training sessions for employees.

**PROJECT ENGINEER:** 03/2017 – 03/2020

*IK Construction – Bengaluru*

- Developed project plans, budgets and timelines to ensure successful completion of projects.
- Assigned tasks to personnel based on their skill sets and monitored progress to ensure timely completion.
- Managed resources such as equipment, materials, personnel and subcontractors to achieve project goals.
- Coordinated meetings with stakeholders including clients, architects, engineers, subcontractors and other parties involved in the project.

**PROJECT ENGINEER:** 06/2014 – 01/2017

*Al Khayyat Contracting and Trading – Doha, Qatar (Gulf)*

- Collaborated with stakeholders to identify opportunities for process improvement in the delivery of projects.
- Reviewed blueprints, drawings and specifications for accuracy and completeness prior to construction commencement.
- Monitored work performance against established milestones ensuring adherence to approved schedules.

**ENGINEER:** 05/2010 – 06/2014

*SOBHA DEVELOPERS Ltd- Bangaluru*

- Identified customer needs and developed solutions based on user feedback.
- Analyzed customer requirements to determine project scope and objectives.
- Smooth Coordination with the Junior Engineers and the contractors
- Trained for Royal Omani Police on Construction works.

**JUNIOR ENGINEER:** 08/2009 – 05/2010

*GOLDEN GATE PROPERTIES- Bangaluru*

- Been part of the handing over process, make sure client was attended professionally during the hand

over process

- Checked the Quality and followed a check list process so that the client was attended by paying

attention to detail.

**Education**

Government Engineering College Karwar- Uttar Kannada |B-tech

Civil Engineering | 04/2009

**Certification**

Diploma in AutoCAD 2D&3D, Staad-pro and Revit Architecture

**Languages**

Kannada, English, Hindi and Konkani

## **OBJECTIVE OF THE EVENT:**

The main objective of “PROFESSIONAL TALK ON QUALITY CONTROL IN CONSTRUCTION” was to educate the students and faculties about the quality control of material requiring to the construction. The professional talk is all about the quality control of materials that focuses cost, quality and safety. A valuable speech was delivered by the recourse person that may enhance the knowledge about construction activities. The professional talk was about the construction management and quality control methods. The students were more inspired from the words of resource person. We hope the students might get more aware about the construction, management and quality control in construction. The professional talk was really incredible and amazing for the students. Students have given more response in that session; we hope they got an idea about the quality control in construction.

## **PROGRAM DETAILS**

The Guest Lecture was conducted by Builders Club in collaboration with ASCE student chapter, IIC and SAC. The event was conducted on 30<sup>th</sup> October 2024 (Wednesday) from 10:00 AM to 01:00PM. The event was started with the welcome speech by Dr. Priyam Nath Bhowmik, FIC Builders Club, later Dr. Sonu Kumar Gupta, Coordinator of the program addressed the gathering followed by Dr. Dipankar Roy, HoD and Faculty Advisor of ASCE MITS Student Chapter and followed by the session of guest. There was good response with nearly 80 students participated from Department of Civil Engineering, Madanapalle Institute of Technology and Science. The event maintained the valuable words from the guest, and were open to discuss and reply to the students. At 01:00 PM, the session was concluded and followed by vote of thanks given by Dr. Priyam Nath Bowmik, Assistant Professor, Department of Civil Engineering.
