**SATURDAY 02:00 PM**  
**VENUE:- AUDITORIUM**

The main objective of conducting the movie is to motivate & bring out the best talent,skills among the students in making them bright future.

## **CONTENT: -**

In 2154, Earth is in crisis due to resource depletion. The RDA mines unobtainium on Pandora, a moon with a toxic atmosphere for humans but home to the Na'vi, a blue-skinned, sapient species. Humans use avatars, Na'vi-human hybrids, to explore Pandora. Jake Sully, a paraplegic ex-Marine, replaces his deceased twin in the Avatar Program. He gains the Na'vi's trust and falls in love with Neytiri, a Na'vi princess.

Colonel Quaritch promises Jake the restoration of his legs in exchange for information on the Na'vi. When the RDA destroys Hometree, the Na'vi's home, Jake switches sides. He unites the Na'vi clans to fight the RDA. In the final battle, the Na'vi, aided by Pandora's wildlife, defeat the RDA. Jake permanently transfers his consciousness to his avatar with the help of the Tree of Souls.

**Our Sincere Thanks:** MITS Management, Principal & SAC for supporting and giving us permission and promoting weekend movie culture in our college.

Film Maker's Club – Photography contest (26-11-2024)

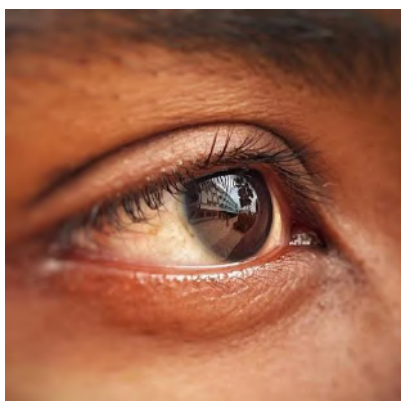

## Report :

In celebration of World Photography Day, our college organized a photography contest under the theme "Our College." The event encouraged students to capture the essence of college life through their lenses, showcasing moments that reflect the beauty, diversity, and vibrancy of our campus. The contest received an overwhelming response, with students submitting stunning photographs that highlighted everything from daily campus scenes to special events.

FACULTY CO-ORDINATOR: Mr. Riyaz Ali MD

STUDENT CO-ORDINATORS20 : K. Tharun Sai (4<sup>th</sup> year CST)

C. Venkata Sai Dhanush (4<sup>th</sup> year CST)

1st Prize Picture.

1st prize Winner
