Submitted by: Dr. Priyam Nath Bhowmik (FIC-Builders Club), Assistant Professor in the Department of Civil Engineering, Madanapalle Institute of Technology & Science (MITS).

**Dignitaries Present**: Dr. M.L. Vara Prasad, Associate Professor, Department of Civil Engineering, National Institute of Technology Silchar (NITS).

Dr. P. Ramanathan, Professor, Department of ECE and Vice-Principal Academics, Madanapalle Institute of Technology & Science, Madanapalle.

Dr. Dipankar Roy, Professor & Head, Department of Civil Engineering, Madanapalle Institute of Technology & Science, Madanapalle.

Resource Person: Dr. M. L. V. Prasad pursued B. Tech in Civil Engineering from S. V. University, Tirupathi, Andhra Pradesh in 1999 and M. Tech in Structural & Construction Engineering from Kakatiya University, Warangal, Telangana in 2004. Later Pursued Ph.D. from National Institute of Technology Warangal, Telangana in 2012. At present he is working as an Associate Professor, Civil Engineering Department, NIT, Silchar. Here, he extended research work in the directions of new concrete materials like, Behavior of Eco-Friendly Self Compacting Concrete in cyclic loading by considering dynamic and Earthquake analysis. Further he Extended the work in the field of new materials in construction,

especially in the mechanical and durability properties of new concrete materials used with different areas like fiber reinforced concretes, self-compacting concrete, geopolymer concrete, recycled aggregate concrete, eco-friendly materials and sustainability concepts. He has 2 patents under his name, 21 international journal publication

in reputed journals, 17 international conference and 8 book chapters. He is the member of various bodies like Institute of Engineers, Indian Society for Technical Education, American Society of Civil Engineers and Indian Concrete Institute. He is currently the Associate Dean (P&D) at NIT Silchar. He has also conducted many conferences and workshops and also been a key speaker in various events.

Objective of the Program: The main moto of the lecture session was to bring in the urge of interest for innovative materials in low-cost housing. The mass target of the session were the civil engineering undergraduates. The session was very helpful for the civil engineering students to get ideas on the new materials that are being used for the construction of low-cost housing. The students also learnt about new innovative materials for construction which has led to research curiosity among the young minds.
