Proposal letter

Date: 21st October,2024
Angallu

To
SAC Coordinator,
MITS, Angallu.

From
Skill Be Club,
Student Coordinator,
MITS, Angallu.

SUB: Requesting the Permission to Conduct Skill talk from

Skill Bee Student Club

Respected Madam,

We are form Skill Bee Club, now we are planning to conduct the Skill talk on **"Empower your voice"** under the Skill Bee Student Club. Our primary focus is on fostering meaningful interactions, prioritizing dynamic discussions over conventional explanations. We look forward to creating an environment that encourages the exchange of ideas and facilitates a deeper understanding of real-world applications using UHV.

Furthermore, we plan to conduct this event on 24th Oct-2024 at Seminar hall. In this regard, we kindly request permission for the promotional efforts and seeking your approval for the attendance of both participants and coordinators. Your support in facilitating the success of this event is highly appreciated.

Thanking you Madam,

Yours obediently,
M. Gnana Srikar,
Skill be Club coordinator

Forwarded to SAC coordinator
K. Dilleshwar Reddy
(Skill be coordinator)

Permitted
You can conduct our
event.

3. Resource Persons Profile

IV Year Students of Computer Science and Engineering – Data Science

1. Kuntimaddi Thrishank

Kuntimaddi Thrishank led a seminar on 'Overcoming Stage Fear,' sharing practical techniques to manage anxiety and boost confidence when speaking in front of an audience. His interactive session included role-playing exercises and tips on visualizing success to reduce nervousness. He emphasized that overcoming stage fear is not only about reducing anxiety but also about enhancing self-presentation skills.

2. Devaighari Gnana Teja

Gnana Teja gave an impactful seminar on the 'Significance of Leadership Skills,' drawing attention to the qualities that make an effective leader—integrity, decisiveness, and empathy. He encouraged students to practice leadership in everyday situations and discussed the importance of communication, collaboration, and vision in leadership. His session offered guidance on developing a proactive approach, influencing others positively, and handling responsibilities with confidence.

3 Jaganmohan Reddy Bondala

Mr. Jagan Mohan Reddy Bondala brought his extensive experience in 'Public Speaking' to his seminar, 'Mastering Public Speaking.' He discussed the art of connecting with audiences, organizing ideas clearly, and using body language effectively. His practical advice included storytelling techniques, understanding audience needs, and the power of pauses. Through his inspiring words, he motivated students to step outside their comfort zones and view public speaking as a valuable skill that enhances career opportunities.

5. Report

A Report on

"Empower your Voice"

Organized by

Skill Bee Club

from

Student Activity Centre (SAC)by

On 24th October 2024

Submitted by: Mr. K. Durgacharan, Department of Computer Science & Engineering - Data Science

Report Generated on 30.10.2024.

Venue: Seminar hall - D

Participants: Total Number of participants are 83

CSE-CS	8
CSE-DS	65
CSE	2
ECE	8
Total	83

OBJECTIVES OF THE PROGRAM

- Enhance Communication Skills: Equip participants with effective verbal and non-verbal communication skills, including articulation, tone, body language, and clarity, to make their voices heard with confidence.
- Build Self-Confidence: Boost self-confidence by providing tools and techniques for speaking in various scenarios, from casual conversations to public speaking engagements.
- Develop Active Listening: Promote active listening skills to ensure participants can engage in meaningful, reciprocal communication and respond thoughtfully.
- Increase Public Speaking Proficiency: Help participants overcome the fear of public speaking through practical exercises, speeches, and presentation skills, enabling them to speak comfortably in front of diverse audiences.
- Foster Critical Thinking and Clarity: Train participants to structure thoughts clearly and logically before speaking, making their arguments more compelling and persuasive.

- Promote Inclusivity and Respectful Dialogue: Encourage respectful communication, empathy, and inclusivity by teaching participants how to engage in discussions with open-mindedness and understanding of diverse perspectives.
- Empower Personal and Professional Expression: Prepare participants to express themselves confidently in personal, academic, and professional settings, including interviews, networking, and teamwork.

INAUGURAL SESSION REPORT:

The inaugural event of the Skill Bee Club was a resounding success, bringing together students, faculty, and notable speakers. The event focused on personal growth, communication skills, and confidence-building, aligning with the club's mission to nurture well-rounded professionals.

1. Dr. G. Reddy Hemantha

Dr. G. Reddy Hemantha addressed the audience with a warm welcome, introducing the Student Activity Council (SAC) and its vision for fostering student development through clubs like the Skill Bee. She emphasized the Skill Bee Club's potential to empower students with vital skills for academic and career growth. Expressing her appreciation, she thanked the club coordinators for their dedication in making this event possible, noting the club's role in cultivating a supportive environment for skill enhancement.

2. Mr. V. Naveen

Mr. V. Naveen delivered an insightful talk on the theme 'Empower Your Voice,' underlining the importance of self-expression and confidence. He emphasized how strong communication skills, starting with conquering stage fear, are fundamental to building self-assurance. His session encouraged students to engage in public speaking activities, highlighting that confidence in speaking is a stepping stone to becoming more effective leaders and communicators in both academic and professional environments.

3. Mr. K. Durga Charan

Reflecting on the unique vision of the Skill Bee Club, Durga Charan Sir discussed the club's commitment to hosting over 15 events throughout the year, each aimed at enhancing students' practical skills. He spoke passionately about the club's plans to bring forth events that will cover a range of topics including leadership, teamwork, and communication. He closed by thanking the coordinators, applauding them for organizing an event that sets the tone for an engaging and productive year ahead.

RESOURCE PERSONS AND SEMINAR HIGHLIGHTS

1. Kuntimaddi Thrishank

Thrishank led a seminar on 'Overcoming Stage Fear,' sharing practical techniques to manage anxiety and boost confidence when speaking in front of an audience. His interactive session included role-playing exercises and tips on visualizing success to reduce nervousness. He emphasized that overcoming stage fear is not only about reducing anxiety but also about enhancing self-presentation skills.

2. Devaighari Gnana Teja

Gnana Teja gave an impactful seminar on the 'Significance of Leadership Skills,' drawing attention to the qualities that make an effective leader—integrity, decisiveness, and empathy. He encouraged students to practice leadership in everyday situations and discussed the importance of communication, collaboration, and vision in leadership. His session offered guidance on developing a proactive approach, influencing others positively, and handling responsibilities with confidence.

3 Jaganmohan Reddy Bondala

As the President of MITS College, Mr. Jagan Mohan Reddy Bondala brought his extensive experience in 'Public Speaking' to his seminar, 'Mastering Public Speaking.' He discussed the art of connecting with audiences, organizing ideas clearly, and using body language effectively. His practical advice included storytelling techniques, understanding audience needs, and the power of pauses. Through his inspiring words, he motivated students to step outside their comfort zones and view public speaking as a valuable skill that enhances career opportunities.

EVENT IMPACT AND TAKEAWAYS

This first event set a powerful precedent for the Skill Bee Club's mission to enhance student skillsets in a supportive community environment. Attendees walked away with valuable strategies to overcome their fears, build confidence, and develop a growth mindset. The

sessions underscored the value of soft skills in today's professional landscape, equipping students with practical tools for effective communication, leadership, and public speaking.

With more than 15 events planned for the year, the Skill Bee Club aims to create a space for students to learn, practice, and master essential skills that will serve them well beyond the classroom.

Q&A AND INTERACTIVE DISCUSSIONS:

To conclude the workshop, an open Q&A session was held where participants could ask questions and seek advice from the experts.

Banner:

OUTCOMES OF THE PROGRAMME:

Improved Communication Skills: Participants will demonstrate stronger verbal and non-verbal communication, expressing their ideas clearly and confidently in various settings.

Enhanced Self-Confidence: Participants will show increased confidence when speaking in public or in group settings, reducing anxiety and self-doubt.

Better Listening Abilities: Graduates of the program will practice active listening, showing greater empathy and understanding during conversations, and responding more thoughtfully.

Proficiency in Public Speaking: Participants will be comfortable presenting ideas and speaking in front of audiences, equipped with techniques to manage stage fright and engage listeners effectively.

Clearer Thought Expression: Participants will be able to organize and present their thoughts coherently and persuasively, contributing meaningfully to discussions and debates.

Respectful and Inclusive Communication: Graduates will understand and appreciate diverse perspectives, fostering respectful dialogue in various social and professional contexts**.**

Enhanced Personal and Professional Opportunities: Improved communication will open doors for participants in professional networking, job interviews, and team collaborations, boosting their career prospects.

Goal Achievement and Personal Development: Participants will have achieved their personal communication goals, with a stronger foundation for ongoing self-improvement in their social and professional lives.

SUB: Requesting the Permission to Conduct **"START UP STARK"** from Skill Bee Student Club

We, from the Skill Bee Student Club, are excited to propose an event titled **"START UP STARK"** under Skill Bee Club. This event is designed to inspire and educate students on transforming innovative ideas into successful startups. Our focus is to provide participants with actionable insights into the initial steps, challenges, and strategies essential for launching a startup, fostering an entrepreneurial mindset among our students.

We intend to hold this event on 15th November 2024. In this regard, we kindly request your approval to promote this event and ensure attendance for both participants and coordinators. Your support would be valuable in making this event a meaningful experience for all involved.

Thank you very much for considering our request, and we look forward to your positive response.

No Financial Constraints

Thanking you Madam,

5. Report

A Report on
"Startup Spark"
Organized by
Skill Bee Club
Under
Student Activity Centre (SAC)by
On 15th November 2024
Submitted by: Mr. K. Durgacharan, Department of Computer Science & Engineering - Data Science
Report Generated on 18.10.2024.
Venue: Seminar hall - A

Participants: Total Number of participants are

Sno	Department	Count
1	CSE	25
2	CEC	7
3	CSE-DS	63
4	CSE-CS	1
5	CSE-AI&ML	6
Total		102

OBJECTIVES OF THE PROGRAM

1. Inspire Aspiring Entrepreneurs: Motivate individuals to consider entrepreneurship as a career path. Share success stories of startups to ignite passion and ideas.

2. Educate About Startup Essentials: Provide insights into key aspects of starting and running a business (e.g., business planning, funding, marketing). Discuss common challenges and ways to overcome them.

3. Facilitate Networking: Connect aspiring entrepreneurs with mentors, investors, and peers. Build a supportive ecosystem for startups.

4. Introduce Funding Opportunities: Showcase different sources of funding, including venture capital, angel investors, and government grants. Offer practical guidance on pitching to investors.

5. Promote Innovation and Creativity: Encourage thinking outside the box to develop innovative solutions. Discuss how technology and emerging trends can be leveraged for startup success.

6. Discuss Market Trends and Opportunities: Analyze current industry trends and identify gaps in the market. Help participants understand the dynamics of different sectors.

BANNER:

INAUGURAL SESSION REPORT:

The inaugural event of the Skill Bee Club was a resounding success, bringing together students, faculty, and notable speakers. The event focused on personal growth, communication skills, and confidence-building, aligning with the club's mission to nurture well-rounded professionals. The Startup Spark event, organized by the Skill Bee Club, was held on November 15, 2024, in Seminar Hall - A from 2:00 PM to 4:20 PM. The event aimed to enlighten students on entrepreneurship, startup ideologies, and strategies to excel in the field of business.

1. Dr. P. Ramanathan, Professor, Vice Principal – Academics

Dr. P. Ramanathan addressed the audience with a warm welcome, introducing the Student Activity Council (SAC) and its vision for fostering student development through clubs like the Skill Bee. She emphasized the Skill Bee Club's potential to empower students with vital skills for academic and career growth. Expressing her appreciation, she thanked the club coordinators for their dedication in making this event possible, noting the club's role in cultivating a supportive environment for skill enhancement.

2. Mr. V. Naveen, Assistant Professor, Co-coordinators for SAC

Mr. V. Naveen delivered an insightful talk on the theme **"Startup Spark"** underlining the importance of self-expression and confidence. He emphasized how strong communication skills, starting with conquering stage fear, are fundamental to building self-assurance. His session encouraged students to engage in public speaking activities, highlighting that confidence in speaking is a stepping stone to becoming more effective leaders and communicators in both academic and professional environments.

3. Dr. S. Kusuma, Asst. Professor & Head, CSE-Data Science

Reflecting on the unique vision of the Skill Bee Club, Madam discussed the club's commitment to hosting over 15 events throughout the year, each aimed at enhancing students' practical skills. she spoke passionately about the club's plans to bring forth events that will cover a range of topics including leadership, teamwork, and communication. She closed by thanking the coordinators, applauding them for organizing an event that sets the tone for an engaging and productive year ahead.

RESOURCE PERSONS AND SEMINAR HIGHLIGHTS

4. Dr. N. Komal Kumar, Director of Aurv Organics Pvt. Ltd.

The highlight of the event was the session by Dr. N. Komal Kumar, Director of Aurv Organics Pvt. Ltd. He provided an in-depth understanding of entrepreneurship, explaining the critical differences between startups and traditional businesses. He discussed the concept of bankruptcy with the example of Ola and educated students on effective strategies to succeed as entrepreneurs. His session was both educational and inspiring, leaving a lasting impression on the attendees.

EVENT IMPACT AND TAKEAWAYS

This first event set a powerful precedent for the Skill Bee Club's mission to enhance student skillsets in a supportive community environment. Attendees walked away with valuable strategies to overcome their fears, build confidence, and develop a growth mindset. The sessions underscored the value of soft skills in today's professional landscape, equipping students with practical tools for effective communication, leadership, and public speaking.

With more than 15 events planned for the year, the Skill Bee Club aims to create a space for students to learn, practice, and master essential skills that will serve them well beyond the classroom.

Q&A AND INTERACTIVE DISCUSSIONS:

To conclude the workshop, an open Q&A session was held where participants could ask questions and seek advice from the experts.

OUTCOMES OF THE PROGRAMME:

1. Enhanced Knowledge and Skills: Participants gain a better understanding of the startup lifecycle, including ideation, funding, scaling, and marketing. Practical insights into overcoming common challenges faced by startups.

2. Increased Motivation and Confidence: Attendees feel inspired and motivated to take the first step or continue pursuing their entrepreneurial journey. Boosted confidence in transforming ideas into actionable business plans.

3. Networking Opportunities: Formation of valuable connections among aspiring entrepreneurs, mentors, investors, and industry experts. Creation of potential collaborations and partnerships.

4. Greater Awareness of Resources: Awareness of tools, platforms, funding opportunities, and government support available for startups. Insights into market trends and emerging industries ripe for innovation.

5. Development of Business Ideas: Participants refine their business ideas with inputs from speakers, mentors, and peers. Identification of viable opportunities in various sectors.

6. Encouragement of Innovation: Fostering creative thinking to solve real-world problems through entrepreneurship. Exposure to successful case studies that demonstrate innovative approaches.

7. Strengthened Local Ecosystem: Contribution to the growth of the startup ecosystem in the region. Encouragement of entrepreneurship as a means of economic development.

8. Tangible Next Steps: Participants leave with clear action plans to launch or grow their startups. Follow-up opportunities, such as mentorship programs or pitch sessions.

9. Recognition of Potential Entrepreneurs: Identification of promising individuals or teams who may receive support from investors or other stakeholders.

10. Increased Interest in Startups: Enhanced awareness of the potential and impact of startups in driving innovation, job creation, and societal change.

MITS, Angallu.

Sub: Requesting the Permission to Organize **"UI/UX DESIGN PROTOTYPING WORKSHOP"** from Skill Bee Student Club in association with Data Science Department.

We, from the Skill Bee Student Club, are delighted to propose an event titled **"UI/UX DESIGN PROTOTYPING WORKSHOP"** under the Skill Bee Club on **February 21st-22nd, 2025**, as part of **A Two Day National Level Techno-Cultural - Sports Fest ASHV -2K25**, our college fest. This workshop will introduce students to **UI/UX design, wireframing, prototyping, and usability testing**, helping them gain valuable skills.

The session will cover **basic UI/UX concepts, design thinking, and hands-on practice using tools like Figma and deploying tools Netlify**. It is open to all students interested in **design and web development**. In this regard, we kindly request your approval to conduct this event.

Thank you very much for considering our request. We look forward to your positive response.

Thanking you ,

Yours obediently,

M. Gnana Srikar Yadav,
Skill Bee Club co-ordinator,
23691A3233.

Forwarded to SAC Coordinators

K. D. Chakravarthy

Permitted

EDUCATION

Madanapalle Institute of Technology and Science — Madanapalle, India
Bachelor of CSE - Data Science; CGPA: 8.59 — **September 2022 - May 2025**

Dr. Y C James Yen Government Polytechnic — Kuppam, India
Diploma in Computer Engineering; percentage: 85% — **June 2019 - July 2022**

SKILLS SUMMARY

- **Languages :** J2SE, Python, SQL, PHP
- **Frameworks :** NumPy, Pandas, Matplotlib, Seaborn
- **Tools :** PowerBI, Excel, Oracle, MS-Office
- **Platforms :** PyCharm, Jupyter Notebook, Google Colab, IntelliJ IDEA, Visual Studio Code

WORK EXPERIENCE

WEB DEVELOPER INTERN | MarkAtlasInkjet Technologies — **July 2024 – August 2024**

- Developed the Profile Management module for an employee management system.
- Enabled users to view and update personal and professional information.
- Ensured a seamless and responsive user experience across devices using React, Tailwind CSS, and Firebase.

PROJECTS

Team Project - Student Attendance Management (HTML, CSS, PHP, SQL) - GitHub
Solution for tracking and managing student attendance efficiently. This web-based application ensures easy navigation and seamless integration with a relational database for effective attendance monitoring.

Internship Management (HTML, CSS, PHP, SQL) - GitHub
Facilitates seamless collection and management of students' completed documents. Admins benefit from special filtering features based on year, section, and branch, along with a convenient print option for efficient document handling.

Placement Prep (HTML, CSS, JavaScript) - GitHub
Boost your chances of getting hired in the tech industry with Placement Prep's intensive training in HTML, CSS, and JavaScript interview skills. Master the essentials of full stack development with free resources, and ace your placement interviews with confidence.

EDA on Diwali Sales (Python, NumPy, Pandas, Matplotlib, Seaborn) - GitHub
Exploratory Data Analysis (EDA) on Diwali sales data using Python, leveraging libraries such as NumPy, Pandas for data manipulation, and Matplotlib, Seaborn for visualizations, to gain insights into sales patterns and trends during the festive season.

Ecommerce Sales Dashboard (PowerBI) - GitHub
E-commerce sales dashboard for Q3 highlights key metrics, including total sales, geographic distribution, category breakdown, top customers, payment preferences, and sub-category insights through interactive visualizations, providing a comprehensive overview of sales performance with a focus on user-friendly exploration.

CERTIFICATES

Python for Data Science (IBM) | CERTIFICATE

- Mastered the fundamental Python syntax, proficiently utilizing control flow, loops, functions, and built-in data structures.
- Understood about functional programming procedures.

Google Data Analytics Professional Certificate | CERTIFICATE

- Learn about data cleaning, data exploration, art of visualization, data analysis using R programming.
- After this course I have done some exploratory analysis on various datasets like iris, house price, Diwali sales etc.

OBJECTIVES OF THE PROGRAM

- **Mastering Webpage Layouts** – Participants learned to structure and organize web pages effectively using grids, flexbox, and other layout techniques.
- **Interactive Design Elements** – Attendees gained hands-on experience in adding buttons, navigation bars, and other interactive elements to improve user engagement.
- **Design Consistency and Aesthetics** – The workshop emphasized maintaining visual harmony through colour schemes, typography, and spacing.
- **Building User-Friendly Navigation** – Participants learned to create intuitive and easy-to-navigate web pages to enhance the user experience.
- **Cross-Device Compatibility** – The training covered techniques to ensure that web pages display correctly and function smoothly on different screen sizes and resolutions.
- **Hands-On Coding and Debugging** – Attendees practiced coding their designs and troubleshooting issues to ensure seamless performance.
- **Professional Presentation and Feedback** – Participants showcased their completed web pages, received constructive feedback, and refined their designs based on expert guidance.

INAUGURAL SESSION REPORT:

The second day of the UI/UX Design & Prototyping Workshop, organized by the Skill Bee Club, focused on webpage design and implementation, drawing significant interest from participants. The session provided hands-on training in creating responsive and visually appealing web pages using modern design frameworks and techniques. Participants learned to integrate design consistency, improve user interaction, and ensure cross-device compatibility. This session reinforced the importance of user-centric design and technical precision, equipping attendees with practical skills to create professional-grade web interfaces and boosting their confidence in real-world design scenarios.

1 . Mrs. Anusuri Krishnaveni

Anusuri Krishnaveni Madam, the faculty coordinator of the UI/UX Design and Prototyping Workshop from the Data Science (DS) department, was invited to speak. She emphasized the significance of UI/UX designing in modern software development and its increasing demand in various industries. She explained how mastering these skills could open doors to numerous career opportunities in design, product development, and user experience optimization

2. Mr. R . Jyothi Prakash

The session was then handed over to the resource person, Repana Jyothi Prakash, who focused on the practical aspects of webpage design. He began by explaining the structure and layout of modern web pages, emphasizing the importance of responsive design and user-friendly navigation. Participants were introduced to key elements such as grids, flexbox, and media queries to create adaptable and visually appealing layouts.

Following the foundational instruction, students were guided through the process of designing a complete webpage. They learned how to add interactive components such as buttons, navigation menus, and forms, ensuring consistency and smooth user interaction. Through live demonstrations and hands-on exercises, participants refined their designs and addressed real-time challenges. The second day concluded with students presenting their completed webpages, receiving valuable feedback, and gaining confidence in their design and coding abilities.

EVENT IMPACT AND TAKEAWAYS

The second day of the UI/UX Design & Prototyping Workshop highlighted the importance of practical implementation in the design process. Participants gained valuable experience in structuring responsive web pages, improving navigation flow, and enhancing user interaction through intuitive design. The session reinforced the significance of consistency, usability, and accessibility in modern web design, equipping students with the skills to create professional-grade interfaces.

With hands-on guidance and real-time feedback, participants developed a deeper understanding of design frameworks and problem-solving techniques. The Skill Bee Club remains committed to nurturing creative and technical excellence, providing students with the tools and confidence to excel in UI/UX design and broader professional settings.

BANNER

OUTCOMES OF THE PROGRAMME:

Practical Web Design Expertise: Participants developed strong technical skills in designing and building web pages using Figma, improving their design fluency.

Enhanced Visual Communication: Attendees learned to create visually appealing and user-friendly designs, focusing on layout, colour schemes, and typography.

Efficient Problem-Solving: Participants gained the ability to identify design issues and implement effective solutions to enhance user experience

Interactive Design Mastery: Graduates learned to design dynamic and responsive web interfaces, ensuring a seamless user experience across devices.

Creative Application of UI Principles: Attendees explored innovative design approaches, applying creative techniques to enhance user engagement and usability.

Team-Based Collaboration: Participants worked in teams to brainstorm ideas, share feedback, and create cohesive designs, strengthening their teamwork and communication skills.

Professional Development: The workshop equipped participants with valuable skills that align with industry expectations, preparing them for internships and design roles.

Portfolio Boost: Each participant created a professionally designed web page to showcase in their portfolio, enhancing their credibility and career opportunities.

MITS, Angallu.

Sub: Requesting the Permission to Organize **"UI/UX DESIGN PROTOTYPING WORKSHOP"** from Skill Bee Student Club in association with Data Science Department.

We, from the Skill Bee Student Club, are delighted to propose an event titled **"UI/UX DESIGN PROTOTYPING WORKSHOP"** under the Skill Bee Club on **February 21st-22nd, 2025**, as part of **A Two Day National Level Techno-Cultural - Sports Fest ASHV -2K25**, our college fest. This workshop will introduce students to **UI/UX design, wireframing, prototyping, and usability testing**, helping them gain valuable skills.

The session will cover **basic UI/UX concepts, design thinking, and hands-on practice using tools like Figma and deploying tools Netlify**. It is open to all students interested in **design and web development**. In this regard, we kindly request your approval to conduct this event.

Thank you very much for considering our request. We look forward to your positive response.

Thanking you ,

Yours obediently,

M. Gnana Srikar Yadav,
Skill Bee Club co-ordinator,
23691A3233.

Forwarded to SAC Coordinators

K. D. Chakravarthy

EDUCATION

Madanapalle Institute of Technology and Science — Madanapalle, India
Bachelor of CSE - Data Science; CGPA: 8.59 — **September 2022 - May 2025**

Dr. Y C James Yen Government Polytechnic — Kuppam, India
Diploma in Computer Engineering; percentage: 85% — **June 2019 - July 2022**

SKILLS SUMMARY

- **Languages :** J2SE, Python, SQL, PHP
- **Frameworks :** NumPy, Pandas, Matplotlib, Seaborn
- **Tools :** PowerBI, Excel, Oracle, MS-Office
- **Platforms :** PyCharm, Jupyter Notebook, Google Colab, IntelliJ IDEA, Visual Studio Code

WORK EXPERIENCE

WEB DEVELOPER INTERN | MarkAtlasInkjet Technologies — **July 2024 – August 2024**

- Developed the Profile Management module for an employee management system.
- Enabled users to view and update personal and professional information.
- Ensured a seamless and responsive user experience across devices using React, Tailwind CSS, and Firebase.

PROJECTS

Team Project - Student Attendance Management (HTML, CSS, PHP, SQL) - GitHub
Solution for tracking and managing student attendance efficiently. This web-based application ensures easy navigation and seamless integration with a relational database for effective attendance monitoring.

Internship Management (HTML, CSS, PHP, SQL) - GitHub
Facilitates seamless collection and management of students' completed documents. Admins benefit from special filtering features based on year, section, and branch, along with a convenient print option for efficient document handling.

Placement Prep (HTML, CSS, JavaScript) - GitHub
Boost your chances of getting hired in the tech industry with Placement Prep's intensive training in HTML, CSS, and JavaScript interview skills. Master the essentials of full stack development with free resources, and ace your placement interviews with confidence.

EDA on Diwali Sales (Python, NumPy, Pandas, Matplotlib, Seaborn) - GitHub
Exploratory Data Analysis (EDA) on Diwali sales data using Python, leveraging libraries such as NumPy, Pandas for data manipulation, and Matplotlib, Seaborn for visualizations, to gain insights into sales patterns and trends during the festive season.

Ecommerce Sales Dashboard (PowerBI) - GitHub
E-commerce sales dashboard for Q3 highlights key metrics, including total sales, geographic distribution, category breakdown, top customers, payment preferences, and sub-category insights through interactive visualizations, providing a comprehensive overview of sales performance with a focus on user-friendly exploration.

CERTIFICATES

Python for Data Science (IBM) | CERTIFICATE

- Mastered the fundamental Python syntax, proficiently utilizing control flow, loops, functions, and built-in data structures.
- Understood about functional programming procedures.

Google Data Analytics Professional Certificate | CERTIFICATE

- Learn about data cleaning, data exploration, art of visualization, data analysis using R programming.
- After this course I have done some exploratory analysis on various datasets like iris, house price, Diwali sales etc.

OBJECTIVES OF THE PROGRAM

- **Enhanced Prototyping Skills –** Participants gained hands-on experience in creating interactive prototypes using industry-standard tools**.**
- **Improved User-**Centered Design Approach – Attendees learned how to prioritize user needs and feedback when designing interfaces**.**
- **Faster Iteration & Testing –** The workshop helped participants understand how to quickly test and refine their designs before final development.

- **Collaboration & Teamwork** – Designers, developers, and stakeholders learned how to work together efficiently in the prototyping phase.

- **Stronger Design Thinking Process** – The program reinforced problem-solving techniques to create intuitive and user-friendly designs.
- **Exposure to Industry Best Practices** – Attendees got insights into real-world UI/UX standards, trends, and professional workflows.
- **Portfolio & Career Growth** – Participants left with a working prototype to showcase in their portfolio, boosting their career opportunities.

INAUGURAL SESSION REPORT:

The UI/UX Design & Prototyping Workshop, organized by the Skill Bee Club, was a remarkable success, attracting enthusiastic participation from students and faculty. The workshop provided hands-on experience in user interface and user experience design, emphasizing industry-standard tools and best practices. Participants gained valuable insights into design thinking, prototyping techniques, and user-centered design approaches. This initiative aligned with the club's vision of equipping students with essential technical and creative skills, fostering innovation, and enhancing career prospects in the field of design and technology.

1 . Mrs. Anusuri Krishnaveni

Anusuri Krishnaveni Madam, the faculty coordinator of the UI/UX Design and Prototyping Workshop from the Data Science (DS) department, was invited to speak. She emphasized the significance of UI/UX designing in modern software development and its increasing demand in various industries. She explained how mastering these skills could open doors to numerous career opportunities in design, product development, and user experience optimization

2. Dr. S.Kusuma

Dr. S. Kusuma Madam, Head of the Data Science Department, addressed the gathering, appreciating the enthusiastic participation of students. She encouraged them to actively engage in the sessions to make the most out of the workshop. She highlighted the growing relevance of UI/UX design in the tech industry and stressed the importance of hands-on learning.

3. Mr. R . Jyothi Prakash

The session was then handed over to the resource person, Repana Jyothi Prakash, an expert in UI/UX designing. He began by explaining the fundamentals of UI and UX design, covering essential principles such as user-centered design, design thinking, and usability heuristics. He provided theoretical insights into how effective UI/UX design enhances user satisfaction and engagement.

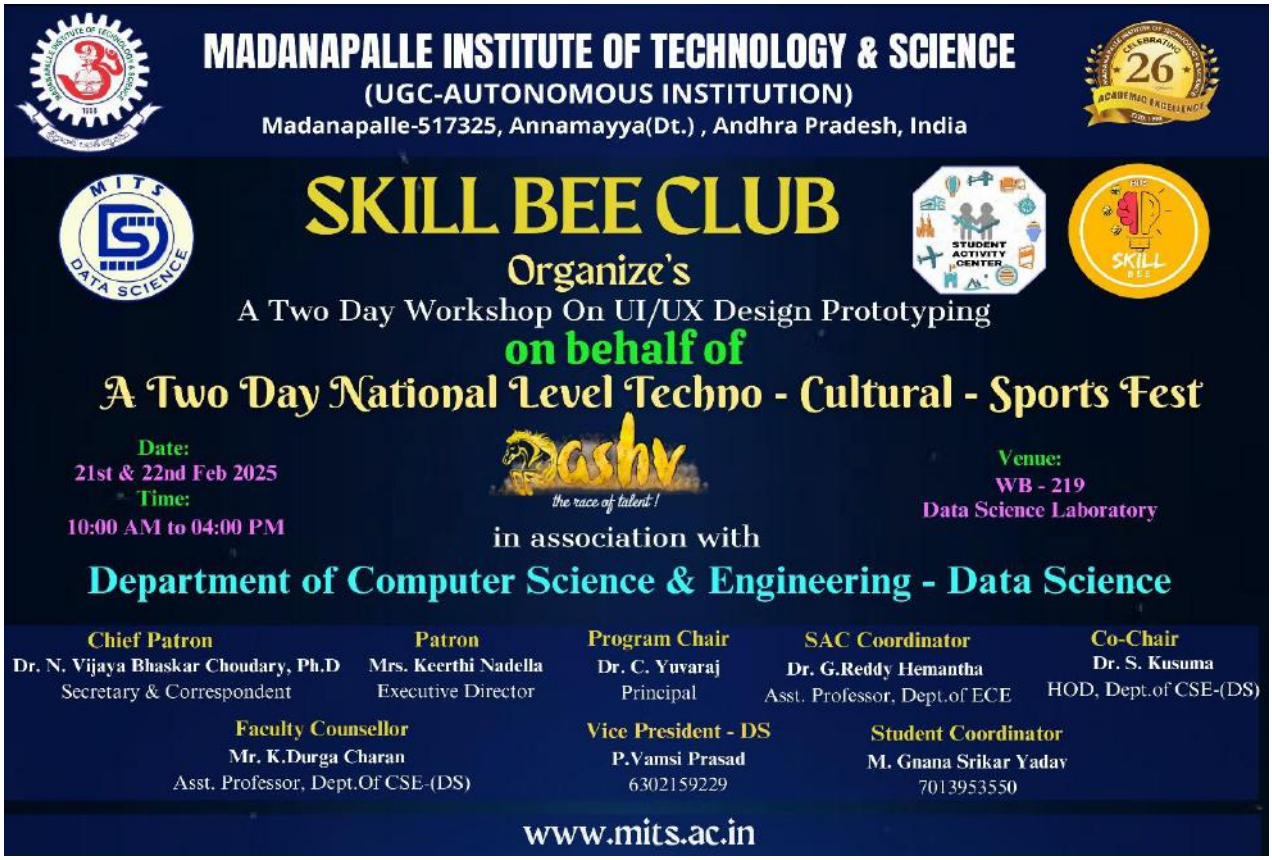
After the theoretical introduction, he guided the students in setting up their Figma accounts. Participants were introduced to various tools and features of Figma, and they were instructed to create their own portfolios. With step-by-step guidance, students learned how to implement UI/UX design concepts practically. The first day concluded with students completing the initial setup of their portfolios and gaining familiarity with Figma.

EVENT IMPACT AND TAKEAWAYS

The UI/UX Design & Prototyping Workshop reinforced the Skill Bee Club's commitment to equipping students with in-demand technical skills in a collaborative learning environment. Participants gained hands-on experience in designing user-friendly interfaces, understanding user behaviour, and creating interactive prototypes. The sessions emphasized the importance of user-centric design, problem-solving, and iterative development—key competencies in the digital era.

With numerous skill-building events lined up, the Skill Bee Club continues to provide a platform for students to explore, experiment, and refine their expertise, preparing them for real-world opportunities in UI/UX design and beyond.

BANNER



OUTCOMES OF THE PROGRAMME:

Proficiency in UI/UX Design Tools: Participants gained hands-on experience with industry-standard design and prototyping tools, enhancing their technical skills.

Stronger User-CenterEd Design Approach: Attendees learned how to prioritize user needs, conduct research, and implement feedback-driven improvements.

Improved Problem-Solving & Creativity: Participants developed innovative solutions by applying design thinking methodologies to real-world challenges.

Enhanced Wireframing & Prototyping Skills: Graduates of the program can create interactive wireframes and prototypes, improving their ability to visualize and test designs.

Better Understanding of Design Principles: Attendees acquired knowledge of color theory, typography, layout design, and accessibility best practices.

Collaboration & Teamwork in Design: Participants engaged in group activities, improving their ability to work with designers, developers, and stakeholders effectively.

Increased Career Readiness: With a solid foundation in UI/UX principles, participants are better prepared for internships, projects, and career opportunities in design and technology.

Portfolio Development & Practical Exposure: Participants left with a working prototype or project to showcase in their portfolio, strengthening their professional profile.
