Sir,

Greetings!

To enhance M.Tech admissions as well as to get students with high PGCET rank and high B.Tech marks, Assistanceship of Rs 8000/- per month to 3 students and Rs 5000/- per month to 3 students for 10 months has been granted. The 2nd year grant will be based on their performance in the 1st Year. However, the performance of these 6 students are being monitored closely.

Further, 13 Students with Rs 20000/- Scholarship per year, 10 Students with Rs 15000/- Scholarship and 5 Students with Rs 10000/- Scholarship have been selected as per the list in the trailing mail.

The concept clearance was taken by CEO from your good self and now we seek financial approval for disbursement of the amount. The 1st year Scholarship will be adjusted with the 2nd year fee and the 2nd year Scholarship will be paid on completion of the programme. The total budget per year is Rs 8.5 Lakhs and seek approval of the same.

With this initiative, admission in M.Tech programme was increased from 24 in 2016-17 to 48 in 2017-18.

Best Regards,

Dr Sremmant Basu

I am working with Dean Administration, the admissions staff, and the HOD's to revitalize the MTech admissions. Part of the strategy is a marketing blitz to get students to apply, followed by a creative but simple yield management strategy to maximize net revenues while also striving to increase the intake quality of incoming students (through a combination of carefully structured scholarships, stipends, etc.). If we can get these better quality students to come, we can also use them to strengthen our tutoring labs and other initiatives we have embarked on.

I have a several spreadsheets and details on the analysis if you wish to see. I can also walk you through these items as desired. I am seeking your approval to move forward. Please let me know if you need to see the data/analysis and talk about the approach.

While this is an experiment, it is carefully structured so we can tweak the approach in subsequent years. I anticipate an increase net revenue of over Rs. 1 crore from last year's MTech enrollment. Once the results are achieved, we can talk about a bonus for me!!

Thanks.
