10 Provide Observations / Suggestions to improve:

- Increase the number of technical workshops, hands-on training sessions, and certification programmes to enhance students' technical skills.
- Provide more case study-based learning and real-world problem-solving activities to improve analytical thinking and decision-making abilities.
- Encourage students to participate in team-based projects, debates, presentations, and professional communication activities to strengthen teamwork and leadership skills.
- Strengthen industry interaction, internships, and simulation-based learning to improve practical knowledge and technological adaptability.
