

About MITS Deemed to be University

Madanapalle Institute of Technology & Science (Deemed to be University) was established in 1998 in the scenic and serene surroundings of Madanapalle. It is ideally located on a sprawling 26.17-acre campus along the Madanapalle–Anantapur Highway (NH-205) near Angallu, about 10 km from Madanapalle town. The campus is well-connected by road and rail, and is accessible from major airports: 125 km from Tirupati, 140 km from Bengaluru, and 250 km from Chennai.

With 27 years of academic excellence, MITS has earned NAAC A+, NIRF 2025 in the band 201-300 and NBA accreditation for all its eligible programs. In recognition of its quality standards and contributions to higher education, the Government of India has conferred MITS, the status of a Deemed to be University under Section 3 of the UGC Act, 1956. vide Notification No. 9-1/2025-U.3 (A) dated 15th July, 2025.

MITS - Deemed to be University is governed by the visionary and proactive leadership of Dr. N. Vijaya Bhaskar Choudary, the Founder and Chancellor. Redefining the education in the international standard, MITS Deemed to be University, now continues to strive with a total commitment and dedication to establish the institution as one of the foremost centers of academic excellence in India. With well-defined strategies and action plans that align with the evolving needs of the globe, MITS Deemed to be University has set forth its educational Odyssey.

Institute Vision

To become a globally recognized research and academic institution and thereby contribute to technological and socio-economic development of the nation.

Institute Mission

To foster a culture of excellence in research, innovation, entrepreneurship, rational thinking and civility by providing necessary resources for generation, dissemination and utilization of knowledge and in the process create an ambience for practice-based learning to the Youth for success in their careers.

About the Department

The Department of Computer Science and Engineering (Artificial Intelligence and Machine Learning) offers 4-year degree, which is established in the year 2023. The department offers a 4-year degree program designed to be flexible and aligned with the evolving needs of the IT industry. The College Academic Council and the department's Board of Studies are committed to deliver a high-quality education with an advanced curriculum, ensuring that students are industry-ready and prepared to excel in the modern business environment. B.Tech (AI and ML) program provides a comprehensive education in artificial intelligence and machine learning, equipping students with the skills to develop innovative technologies. The course typically covers data analysis, algorithms, and real-world applications, preparing graduates for careers in cutting-edge tech industries.

About the FDP

This FDP is designed to equip educators with advanced knowledge and practical skills in cutting-edge technologies. This program emphasizes the integration of the Internet of Things (IoT) and Generative AI to foster innovative solutions that address sustainability challenges. Participants will explore how these technologies can be harnessed to create robust, secure smart cities for the future. Additionally, the program will focus on Smart cities which are designed to leverage the power of technology and data to improve the quality of life for citizens, enhance sustainability, and streamline the delivery of essential services. By enhancing their expertise, faculty members will be better prepared to guide students in navigating and contributing to the rapidly evolving landscape of technology and sustainability.

Registration Fee and Link

Last date to register : 06.12.2025

The meeting link will be shared with the registered participants through WhatsApp group
